Sophomores Were Not the Only New Arrivals in '81

When school began on August 27 we realized that the awaiting year wasn't going to be what we had expected. The rookie sophomore class realized that life at R.H.S. was to be a different experience from the previous school year. Pep assemblies and open lunch were both new experiences to get used to. Juniors and seniors, although they were used to R.H.S. life, found a new discipline system waiting for them. The Demerit System as it was called took some getting used to. Senior **Jeff Krugh** stated, "I think the demerit system is a mistake to try at Reynoldsburg." Junior **Timi Goldsberry** stated, "When I first found out about the demerit system I was disappointed, but I learned to adjust toward the middle of the year." Both the students and the administration worked together to make it a more successful system.

Seniors Kim Waybright and Colette Melfi both bear the winter cold between classes.

Tom Nighland lends a hand to a friend in woodshop.

Lana Pucket takes time out to smile for a yearbook photographer.

Sophomore Joan Culp displays her collection of flower chains on Hawaiian Day.

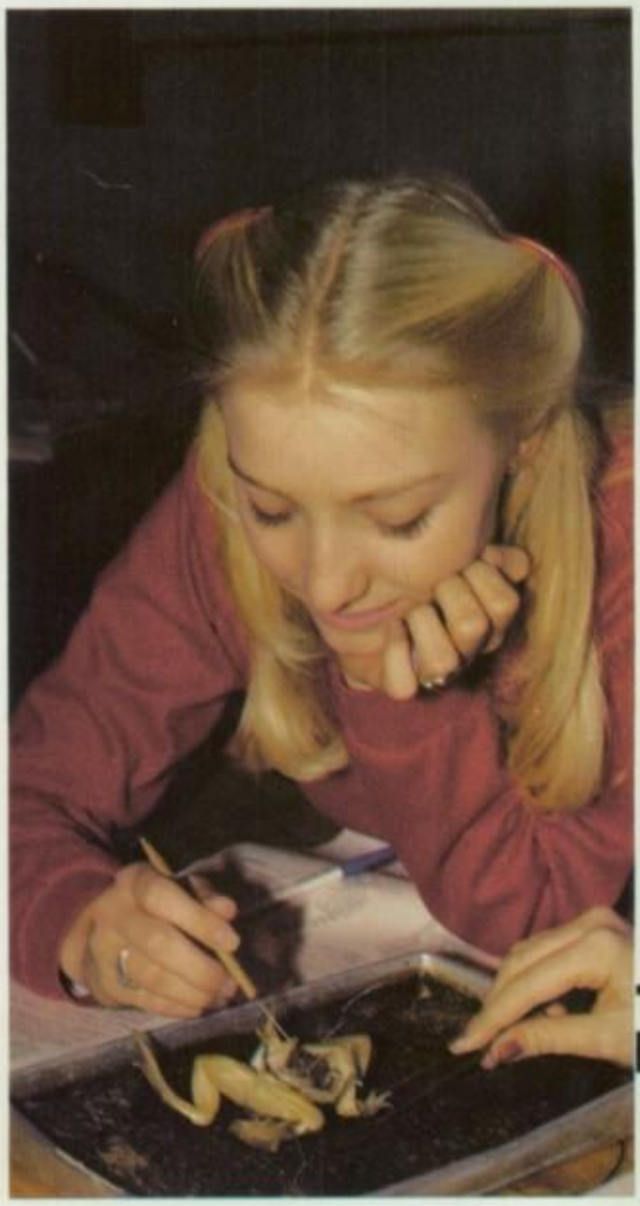
Bill Weiner touches up his Egyptian mask as one of his projects in crafts class.

Greg Workman takes a break by leafing through a sports magazine.

Junior Dave Schweikert listens intently in his favorite class, Algebra II.

A lunchtime mob armed with water pistols hold Junior Matt Thompson at gun point.

Senior Brad Keske takes care in finishing the final details on his clay project.



Tammy Blanton and Doug Riddlehover take a break during T.V. Production class.

Sophomore Kim Vaughn carefully examines her biology companion.

Our Friends Made It Easier

During the summer, school meant books, teachers, notes and tests. However, once we were back we realized that school means much more. Friends, football games, plays and Prom made for an enriching year.

"Looking forward to seeing my friends makes getting out of bed a little easier," stated Senior **Cindie Denewitz.**

"During the summer I began to miss the activities that I'm involved in through school," explained Junior **Tim Matheny,** "sometimes I find myself looking forward to Mondays!"

Senior **Carla Trader** jokingly stated, "Having my friends to look forward to makes school half-bearable!"

Kim Van Horn and Kerry Wilamosky, both sophomores, gather leaves for a biology class.

Relationships A Part of Our Lives

As students we live in a variety of situations where we must relate to the people around us. Relating to people, whether part of a team, organization or just that one special person, gives extra meaning to high school life.

Senior **John Kelleher** speaks of what **Kathy Kaufmann** means to him. "Being with **Kathy** helps me cope with problems and get through the day. She gives me encouragement and makes me happy."

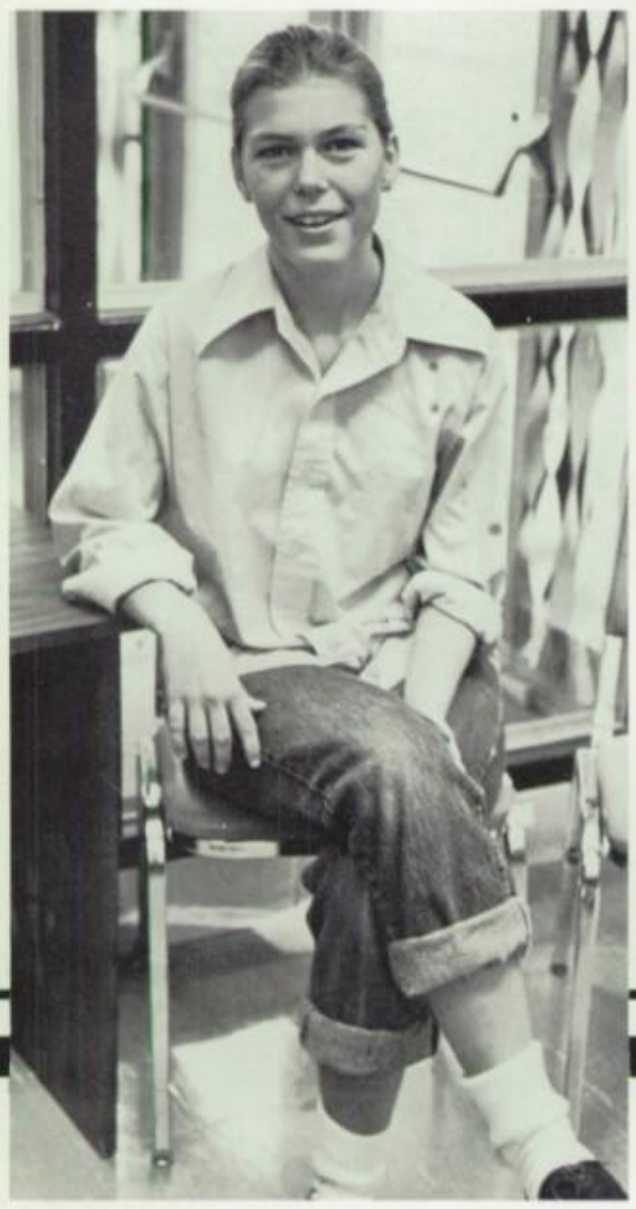
Senior **Rusty Edwards** shares his feelings about his girlfriend **Mashell Morris.** "**Mashell** is someone who I can share my disappointments and accomplishments with. She makes my life more enjoyable."

Senior **Kathy Michalak** tells how her boyfriend **Rick Zies** affects her. "**Rick** has helped me understand myself better. He's always there when I need encouragement or someone to listen to me. I think relationships like ours are a very important factor in growing up during our high school life."

Siephanie Jackson and Beth Taulman take a break from their frog companion during their Biology I class.

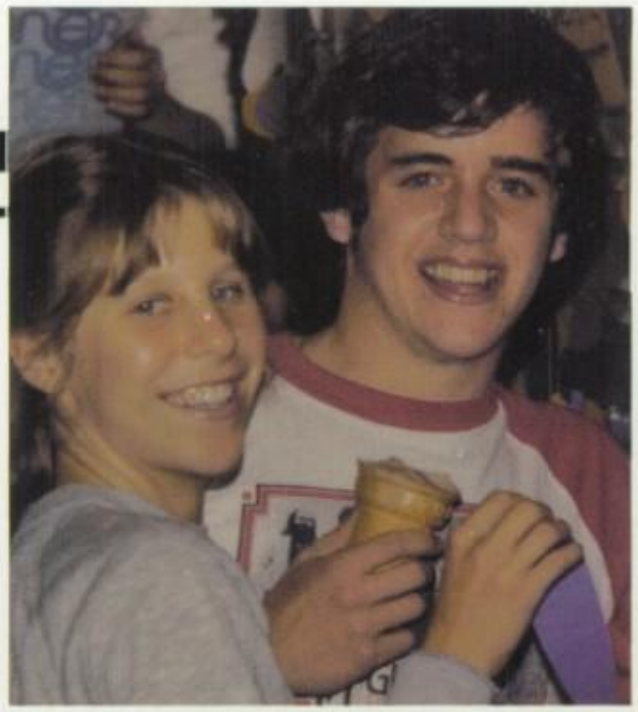
Pam Fightmaster finds Leighton Reynolds' leotarded leg physically attractive.

Clad in wedding attire, Rodney Morris and Judy Shanahorn enjoy soda after their mock wedding ceremony.



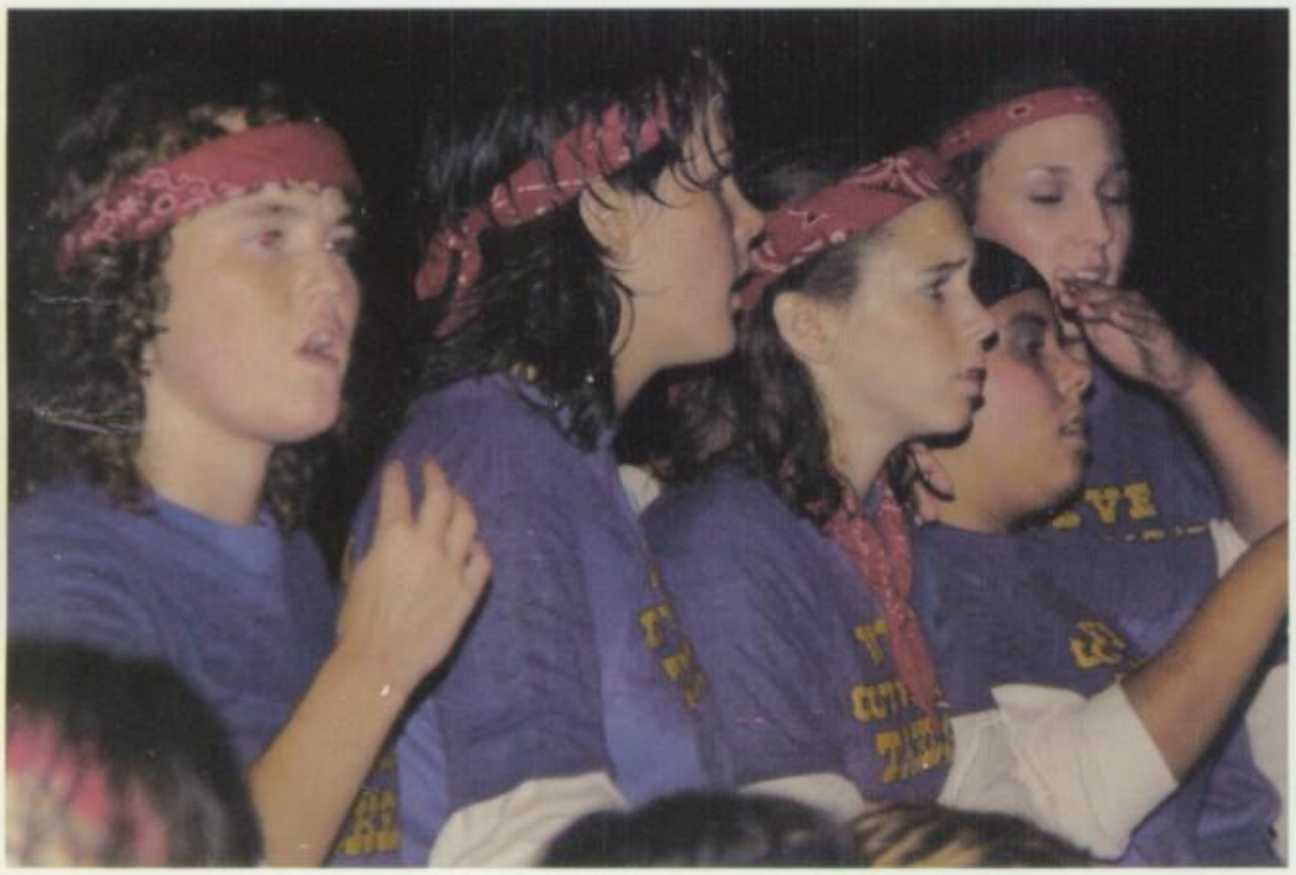
Senior Chris Faust sits dreaming of letter sweaters and class rings on 50's Day.

Senior Paul Thompson and girlfriend Beth Taulman enjoy lunch together 5th period.



Juniors Cindy Dill and Doug Gosnell help decorate their class' award winning hall.

Sophomore Janelle Nelson practices music for Friday's football game.



Seniors Tammy Patten, Jerry Dickley, Phyllis Manifold, Clara Reed and Lisa Bookout watch as the Seniors play toward a victory.

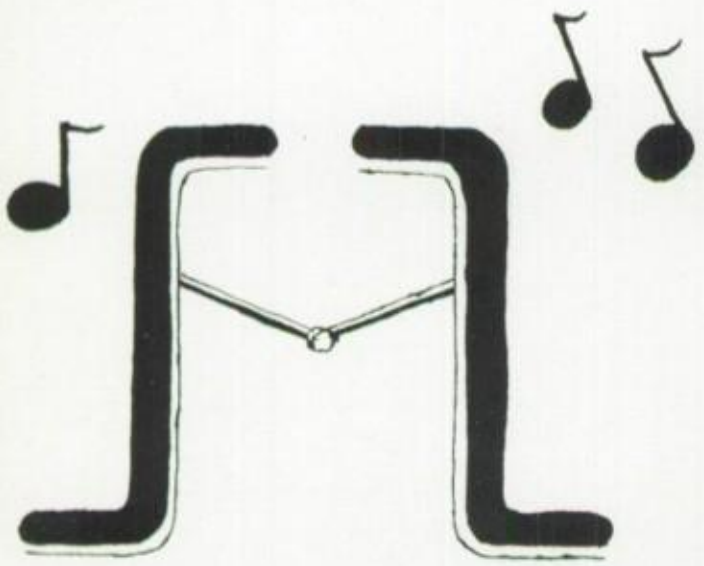
The Junior section show their spirit at a fall pep assembly.

"The Pit," Balloons, Powderpuff

The Raider chant, O-C-C, OCC NUMBER ONE, was clearly heard all year long as fans enthusiastically backed their teams. "The Pit," a group of male students who bring out spirit during ball games was formed during the fall of 81 by the class of 82. Pit member, Stick **(John Kavanagh)** stated, "We try to boost school spirit while having a great time at the games.

The D.E. balloon sale and Powderpuff gave students a chance to show spirit also. Purple, gold and white balloons filled the air at the Fall Homecoming game and Senior pride beamed as they defeated the underclassmen 14-6 for the first time in 6 years at the powderpuff game. Even though all of our expectations were not fulfilled, the enthusiasm of R.H.S. students never died.

Leighton Reynolds lends his talents to help decorate his senior hall.



Activities

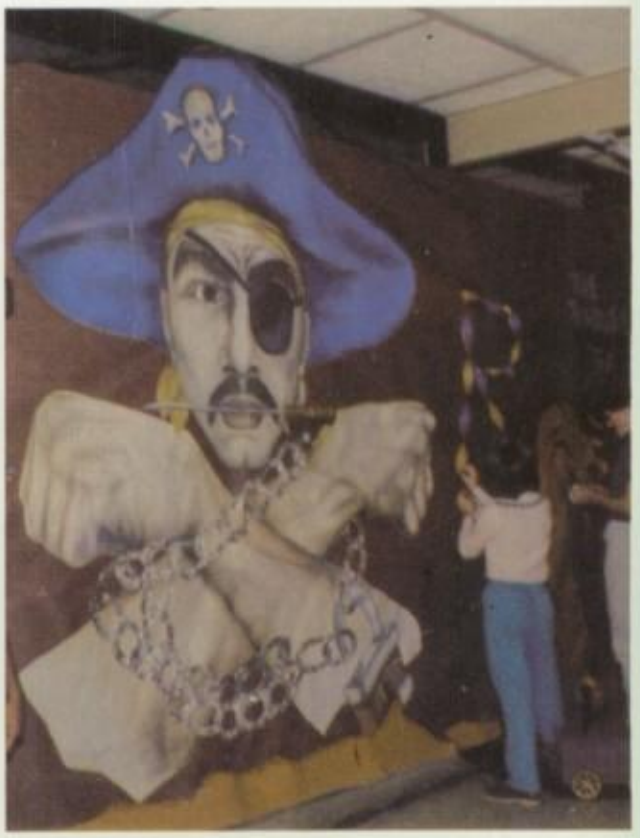
Movies — Teacher's Theme

Friday October 23, 1981 was the annual Homecoming Teachers Assembly. This year the theme was Popular Summer Movies. They included *Superman The Movie, Raiders of the Lost Ark, The Fox and the Hound, Zorro the Gay Blade,* and *The Great Muppet Caper.* The highlights included **MRS. DUNLAP, MR. DeGENNARO,** and **MR. FROST** as the evil invaders in the movie *Superman.* **MR. LAYNE** portrayed "Superman." **MR. SHOLLENBURGER,** and **MR. ANDERSON** battled it out with the "mean lean cleaning machine" better known as the vacuum cleaner, in *Zorro the Gay Blade.* **MRS. GREEN** played Miss Piggy with **MR. GATHERGOOD** who played Kermit the frog in *The Great Muppet Caper.* **MRS. RIEGLE** portrayed the fox with **MR. LAWERENCE** playing the hound from the Walt Disney Movie *The Fox and the Hound.* Head Football Coach **MR. SAMMONS** played the lead role in *Raiders of the Lost Ark* with the help of **MRS. BALLENGER,** his side kick. And in conclusion the teachers performed a dance to "Happy Feet." Senior **KATHY WEILHEM** felt this year's skit was the best she has ever seen since entering High School. Senior **TERESA MAYERES,** said being a senior, this year's assembly meant more to her than the ones in previous years. It was very special to her and she will always remember it.

Mr. Anderson and Mr. Sammons fight it out, acting as Zorro the Gay Blade in the pep assembly.

Ted Jones gets "Funky" leading cheers at the fall homecoming pep assembly.

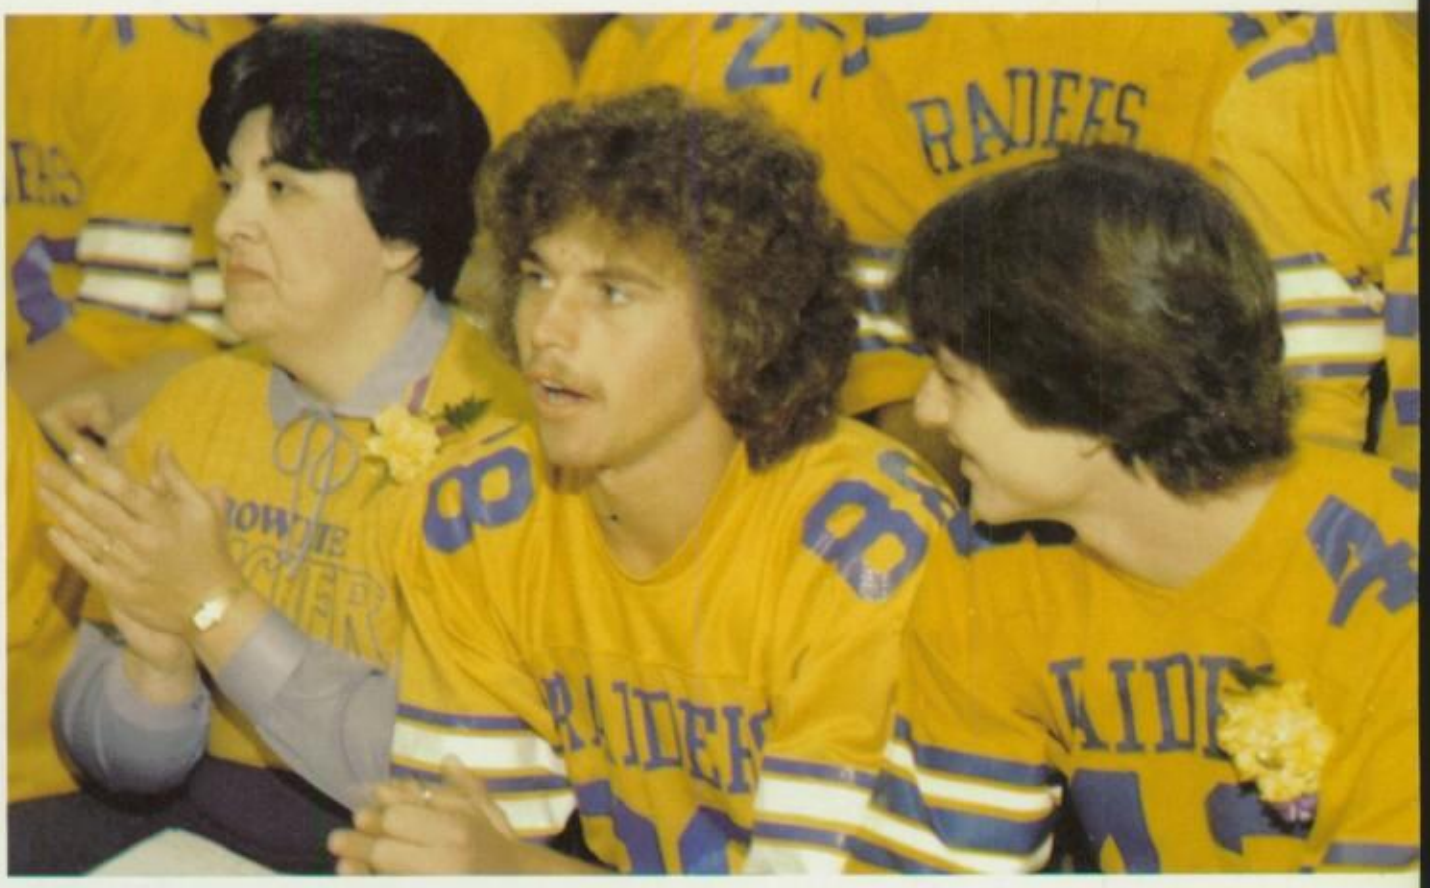
The life size Raider head drawn by Juniors Fanbow Lee and Diane Rudiger was something new and special added to the Junior Hallway during fall homecoming.



Mr. Sammons portrays "Ohio Jones" from the number one hit movie *Raiders of the Lost Ark*.

Miss Piggy (Mrs. Green), Kermit the Frog (Mr. Gathergood) pay a special visit to Reynoldsburg High for their fall homecoming assembly.

Mrs. Zeches and a few of the Raider Football players anxiously wait to be announced during the assembly.



Mr. Denngerro, Mrs. Dunlap, and Mr. Frost display the mean, evil invaders that come to pay a visit from the movie, *Superman II*.

Sophomores Kim Enderly and Gary Dalton watch the time as the evening progresses.

Smiling, Senior Tisha Simeral, slow dances to romantic music with homecoming date Shawn Flannery.

Senior Tonia Kenny speaks softly to John Martino at the dance.

Students Enjoy Dance After Top Restaurant Dinners

The 1981-82 Homecoming dance was held the evening of October 24, from 9-12 pm in the R.H.S. cafeteria. The students danced to the up beat entertainment of Hosanna.

Before attending the dance, R.H.S. students dined at various restaurants around town. Seniors **Rob Turrin** and **Kim VanBuren** enjoyed their meal and evening at the Kahiki. Junior **Joe Dennis** and Senior **Rosalie Ingram** went to Suite 61 for a unique dinner of turtle soup. Senior **Terry Wilder** and Junior **Pam Moore** enjoyed an elegant evening at One Nation. Their meal consisted of stuffed chicken, porterhouse steak and shrimp cocktail. "It was nice to eat somewhere other than McDonalds," stated Senior **Terry Wilder.** Other couples ate at the Long Horn, 94 Aero Squadron and The Ground Round.

Senior Tracie Boyd and Bruce Bierl leisurely enjoy the dance.

Homecoming queen Kelly Kitzmiller and Barry Kellar enjoy dancing to the music of Hosanna.

Senior Chris Stamper, sophomore Lesley Perry, Senior Jim Burt and sophomore Krista Reisling take a break from dancing to enjoy each other's company.

Juniors Win Hall Decorating

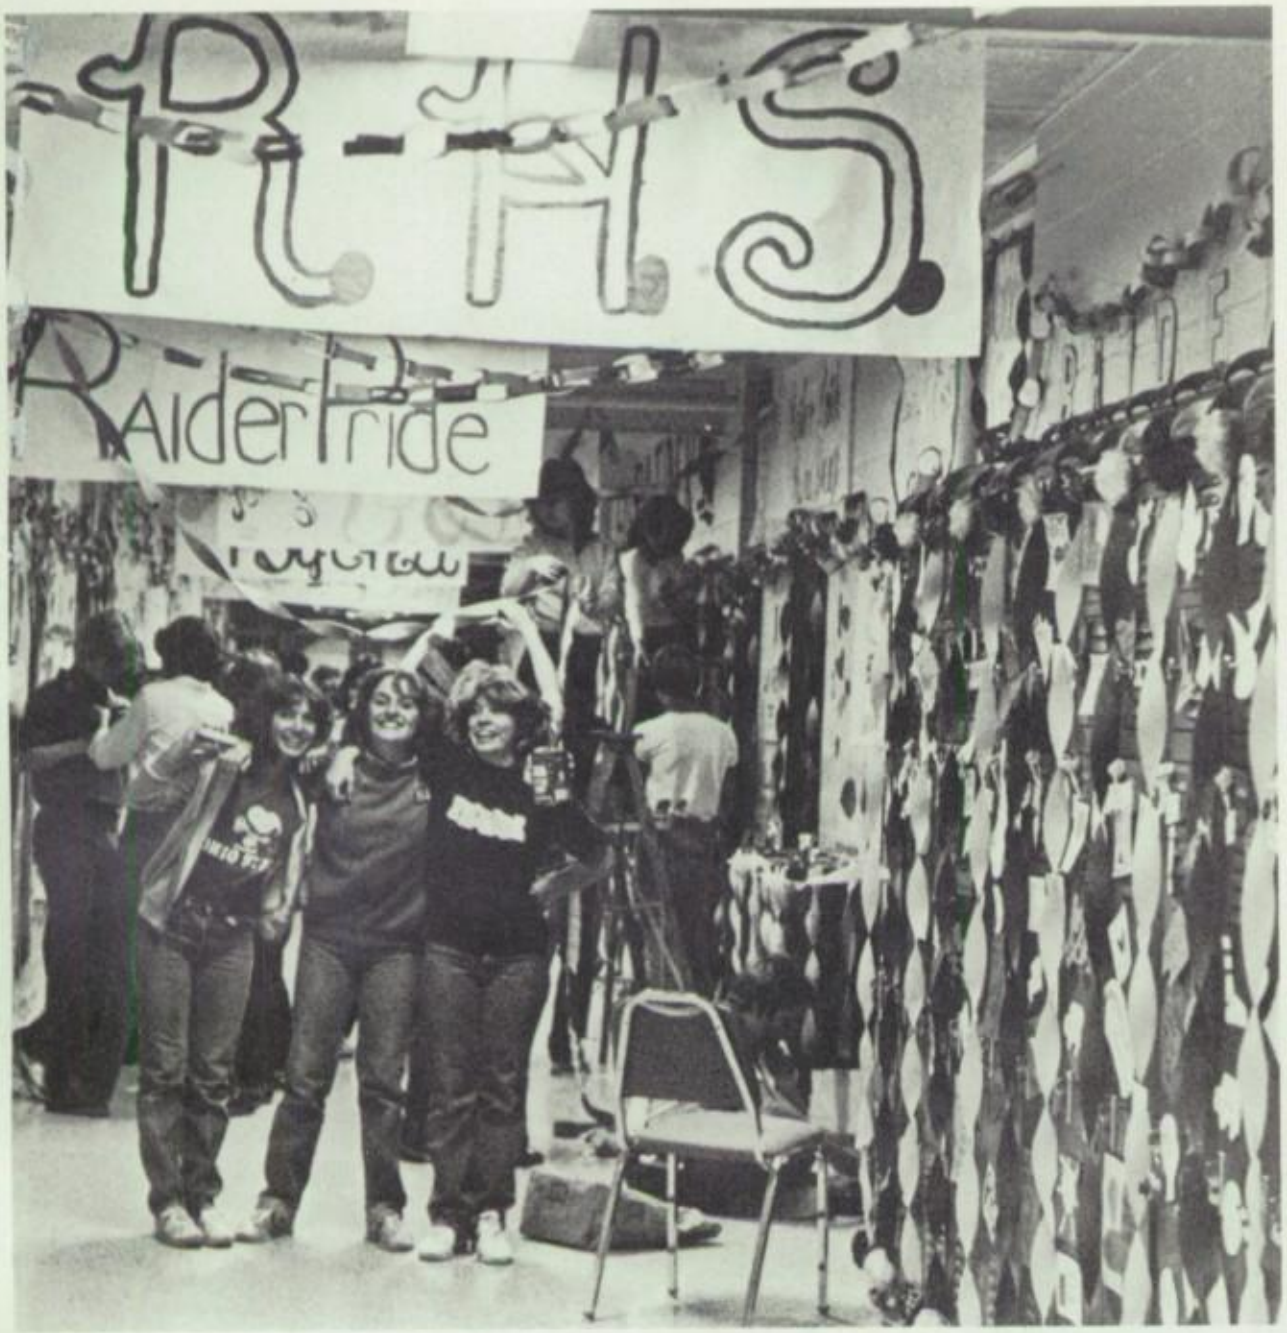
Hall decorating, a tradition held during Fall Homecoming week, was a colorful display of R.H.S. student's originality. Sophomore, junior and senior classes all participated to create an award winning hall. Each hall contained creative ideas and held many hours of planning.

Junior **Fanbow Lee** created an extraordinary Raider head for her class's hall. Senior **Heidi Borden** held many organizational meetings at her home to prepare for decorating night.

All the preparation and hard work proved worthy as each class proudly displayed their spirited halls Tuesday morning. The faculty voted the Junior hall the best and awarded its class a $50 prize for the treasury.

Sitting piggy-back on top of Dave Miller, Mike Scheetz twists some crepe paper while stringing it from locker to locker.

Applying the finishing touches to the gazebo in the senior hall, Mary Cao was one of many to spend long hours decorating the hall in building two.



Three pals — Theresa Thompson, Beth Taulman, and Leslie Sunderland yuk it up in the Sophomore hall.

Miss Rex (home ec student teacher) and Mr. Mrkva admire the decorations in the sophomore hall.

Miss Melreit and Mrs. Lengyel show their spirit with football jerseys.

14 to 6
Seniors Kick

Thursday, October 22, 1981 found the Underclassmen and Senior girls on the Football field battling for the "pigskin." It was the annual Powder Puff game.

For several weeks preceding the game, the girls practiced with the help of teacher coaches. For Seniors, their great coaches were Mrs. Zeches and Mr. Anderson. And, for the Underclassmen they were Mr. Lawrence and Mr. Shearer. It was an exciting game for the spectators as well as for those who played. Senior **Linda Breene** said it was the most exciting game she ever participated in. Each team was cheered on by the male cheerleaders chosen by each of the teams. The game ended up in a victory for the Seniors 14-6. For the first time in eight years, Seniors pulled out a victory. The touchdowns for the Seniors were made by **Kathy Kaufman** and **Kristi Mynhier.** The Underclassman touchdown was made by junior **Megan Michelli.** It was the type of game that both teams will always remember.

Senior Terry Wilder and escort Missy Guy named King during halftime of Powder Puff game.

Senior Kathy Kaufman attempts to break through the UCM's defense and score.

As the rain falls, Senior Lisa Baker sets the game in motion with the Kick off.

Cheryl Kostora tries to make a wide sweep play for the Underclassmen.

Tommie Van Fossen and Jim Anderson express their happiness after the mighty Seniors score a touchdown.

Kelly Kitzmiller Presides Over Festivities

The activities of Homecoming week ended with the crowning of **Kelly Kitzmiller** as the new Homecoming Queen at the football game on October 23, 1981.

The candidates for Homecoming Queen were **Chris Sasfy,** with escort **Adam High; Allison Steig,** with escort **Lee Whitt; Lisa Stead,** with escort **Tommy VanFossen; Kelly Kitzmiller** with escort **Barry Kellar; Laura Harrison** with escort **David Banks,** and **Kathy Kauffman,** with escort **John Kelleher.** The Junior attendant was **Pam Moore** with escort **Dwight Artrip,** while the Sophomore attendant was **Theresa Thompson,** with escort **Steve Stewart.**

Although the temperature dropped to below 30 degrees, the candidates and their escorts kept their spirits up until halftime. The evening ended with the Raiders and the Grove City Grayhounds finishing up in a tie of 13-13.

Bundled beneath heavy blankets, some of the candidates and their escorts shiver while watching the football game.

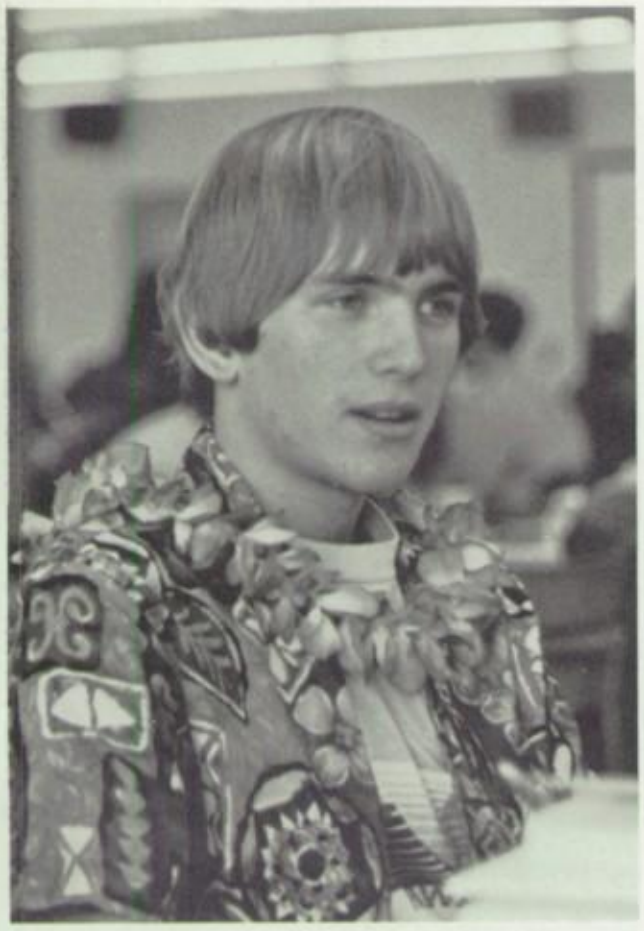
Senior Queen Chris Faust and King Adam High show their excitement of the final results.

Varsity Basketball player Rich Van Horn makes a perfect foul shot to win the game.



SC Sells Hawaiian Flower Chains

This year Winter homecoming was held the week of January 19-22. Student council chose the dress up days which the students were to participate in. They were as follows: sweatshirt and tennis shoe day, inside out day, preppie day, and friday Hawaiian day. The money making project for Student Council was selling Hawaiian Flower Chains, which could be sent to a special friend or teacher. As tradition there was to be a Queen and King chosen. This year for the Sophomores the court consisted of Melaine Fry and Joey Miller, for the Juniors the court was Becky Mansfield and Jon Rowling, and the Senior Queen was Chris Faust and Senior King was Adam High. All of the festivities ended with a Winter homecoming Dance with the DJ called Mobile Rock, which everyone really enjoyed. The week ended off in a perfect note as the Raider Basketball Team won the game against Westerville South.

Junior Mark Brammer displays his Hawaiian fever by dressing up and enjoying the festivities.

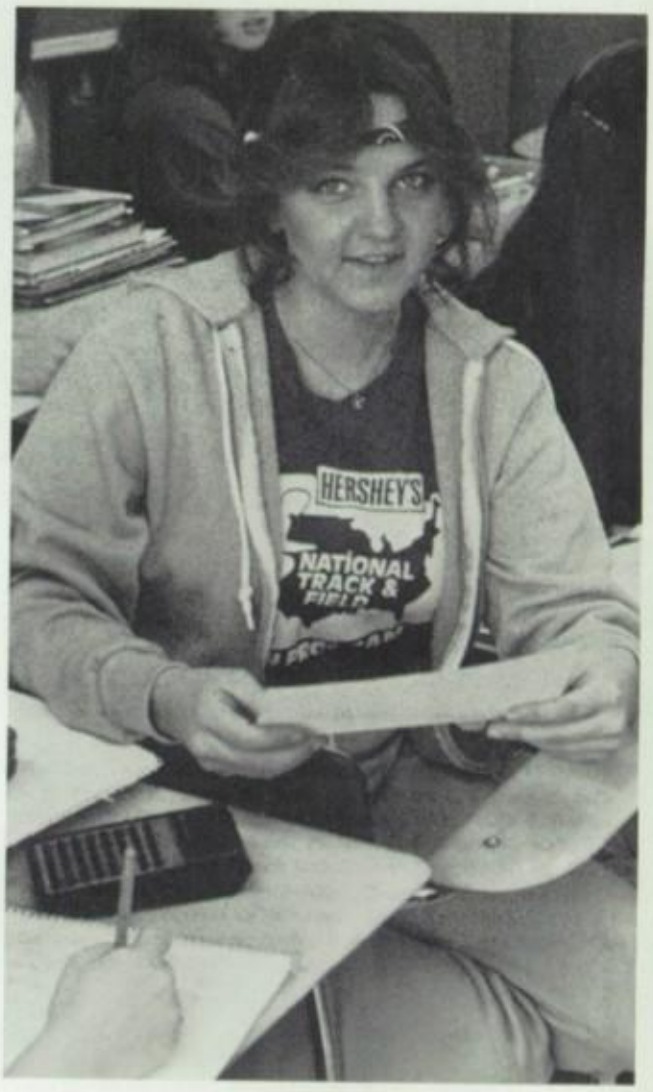
Senior Queen Chris Faust and King Adam High pose for a picture of happiness.

Juniors Jon Rowling and Becky Mansfeild grin as their names are announced as the winners during half time of the Basketball game.

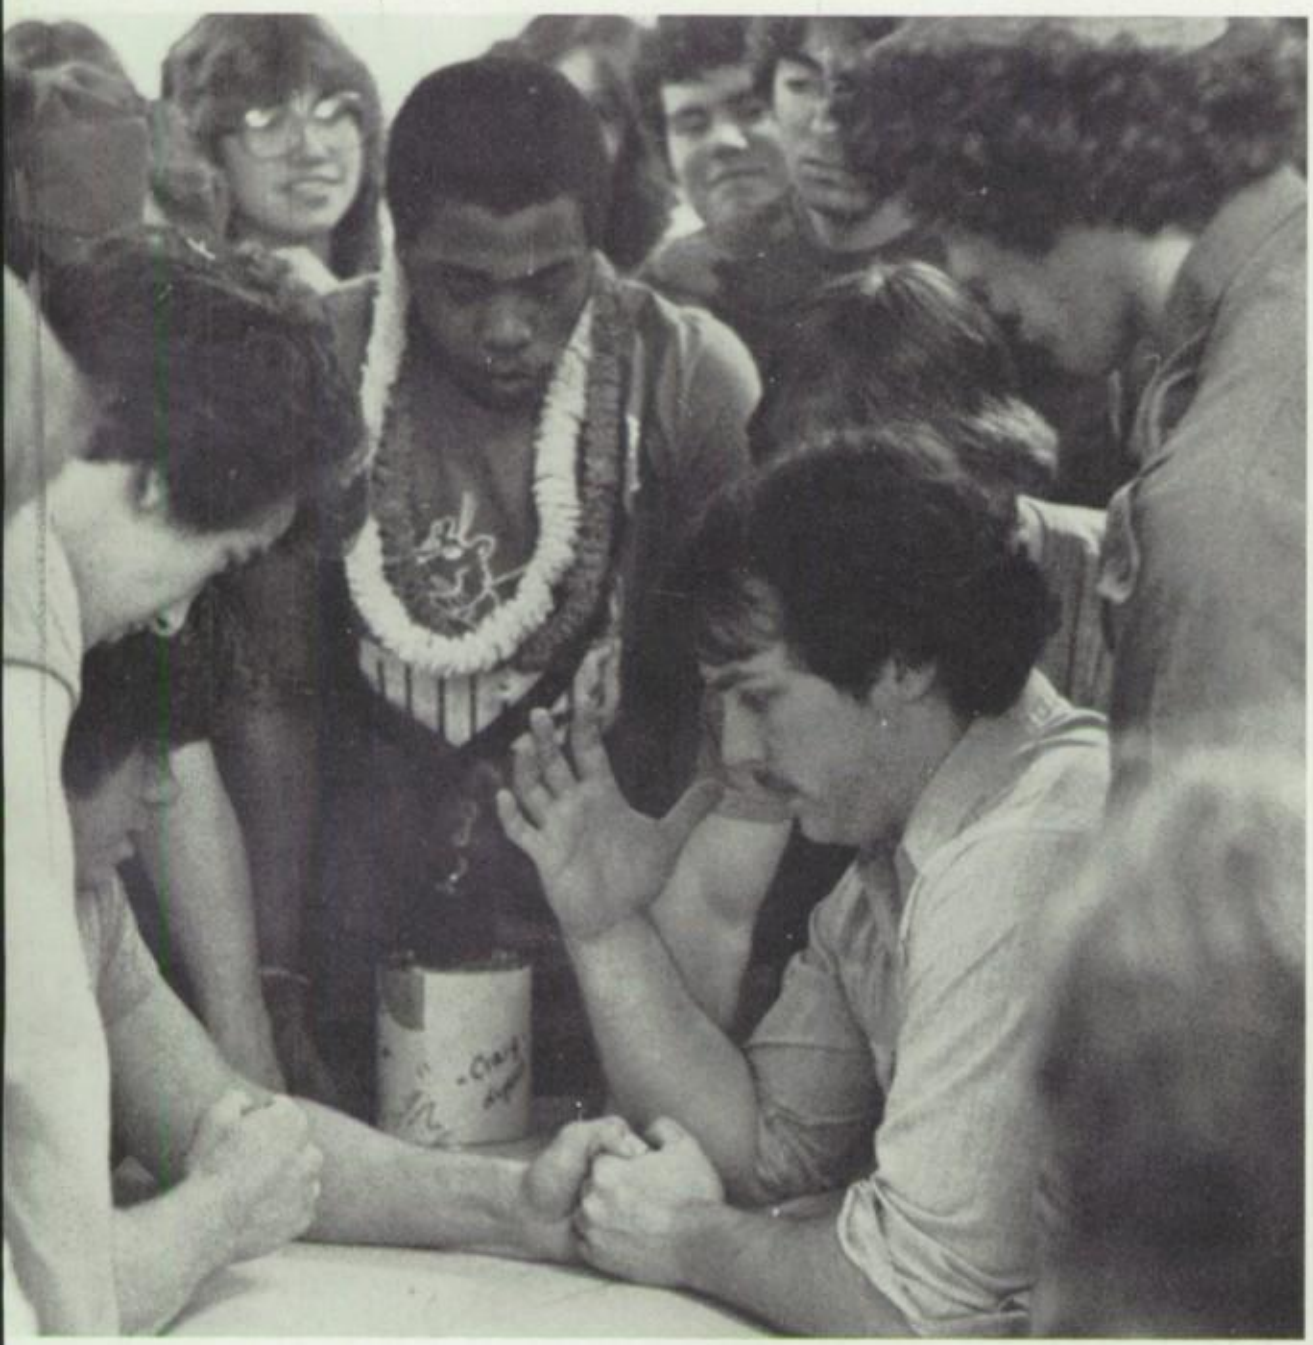
Egg Toss, Wacky Hats and Rainbow Lollipops

Spring Fling week at RHS allowed students to participate in the daily activities planned by Student Council. Monday morning arrived with students dressed in their favorite rock t-shirt. Lunch Olympics began during fourth and fifth lunch periods where egg-toss, tug of war, and arm wrestling were the events. Tuesday was declared bib overall day and the lunch olympics came to a close. Wednesday became Hat Day and sported a variety of wacky hats. Thursday was Green Day in honor of spring, followed by sweatsuits and headband day on Friday. Lollipops of rainbow colors were passed out second period and were enjoyed throughout the rest of the day by their recipients. Spring Fling week was brought to a close with the Sadie Hawkins dance where guys enjoyed the change of being asked out instead of doing the asking.

Topped with their favorite hats, fifth period lunch eaters pose for a snap shot.



Junior Debbie Dandurand wears the comfortable attire of the day Friday.



Senior Craig Lyons acts as an official for an arm wrestling match between Mark Buffa and Barry Titman.

Junior John Jones collects much appreciated donations from Sue Maxim.

Participants in the car rally anxiously await its beginning.

Mr. Lowry, Mr. Sammons, and Mr. Anderson prepare to push the "ladies" in the annual Wheelbarrel race.

The award winner for best decorated in the car rally belonged to Doug Gosnell and Brad Bennet.

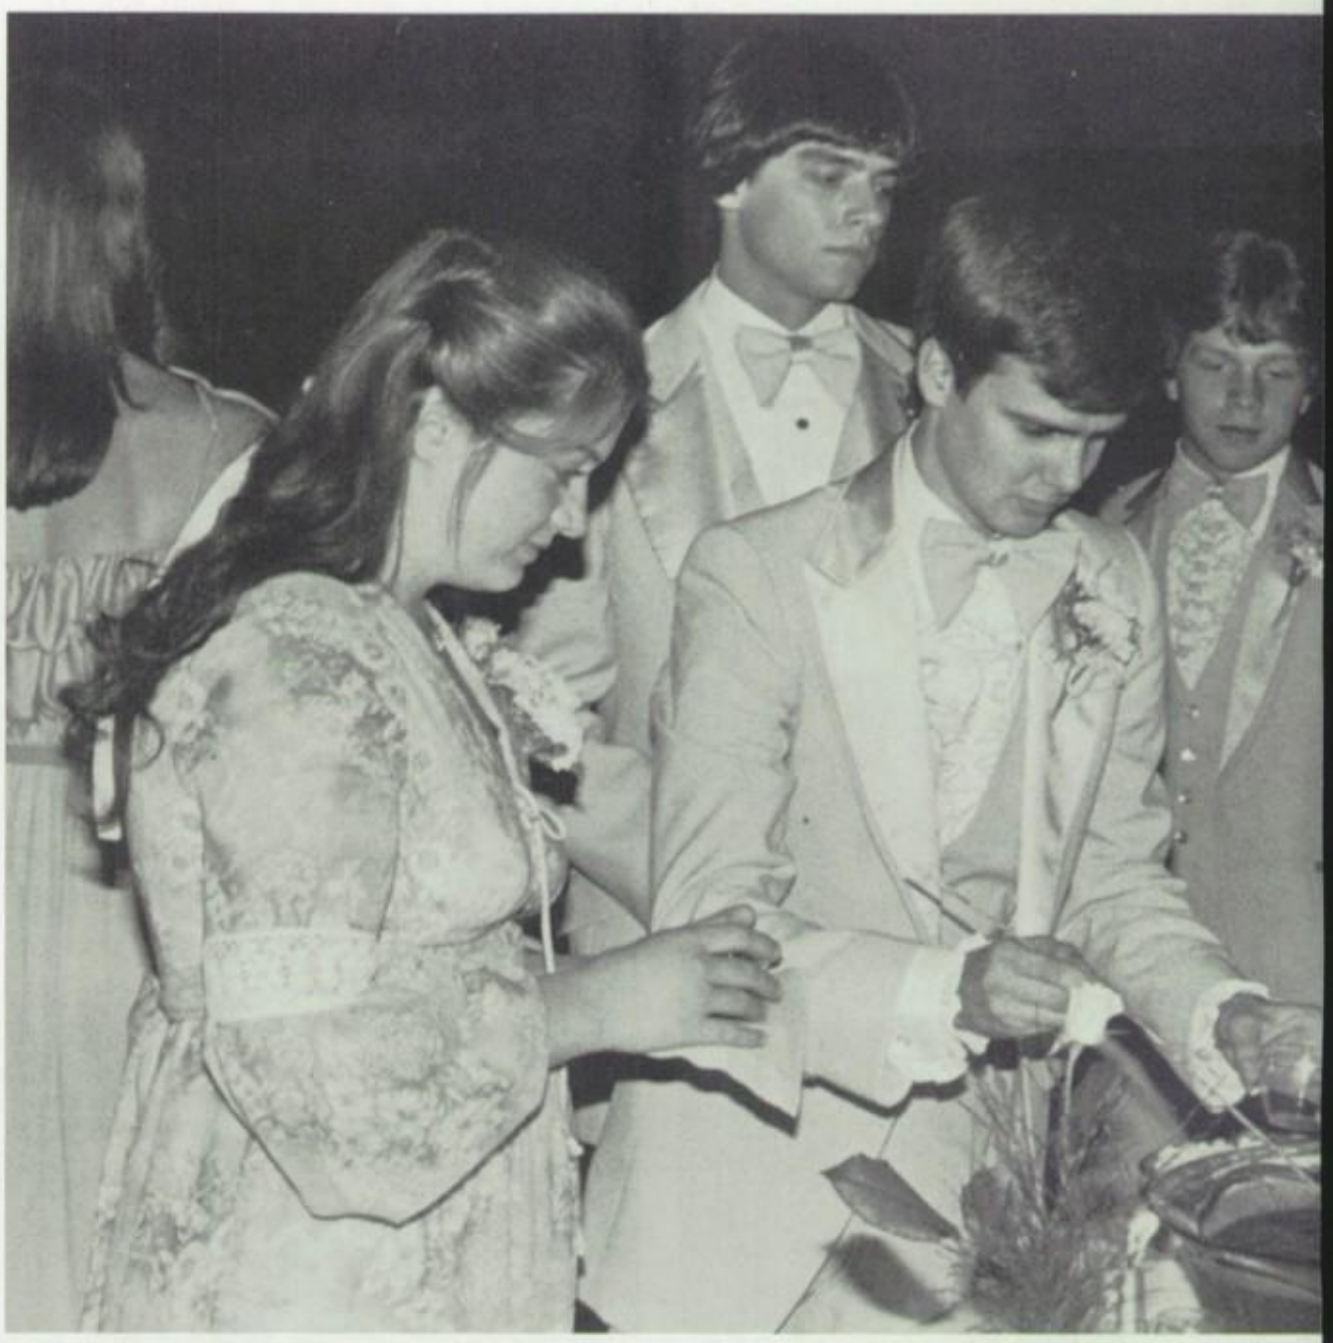
Legs winner Craig Lyons struts his stuff while his fellow contestants cheer him on.

Lyons Legs Cap Fling Week

The Spring Fling assembly brought Spring Fling week to a high lighted end. The awards won during the week for lunch Olympics and the car rally were passed out by student Council officers. The sophomore class was the winner of the tug-of-war and Juniors **Mike Pennington** and **Doug Francis** were the winning pair of the car rally. The teachers wheel-barrow race was won with a dramatic finish by **Mr. Sammons** and **Mrs. Polles.** The ice cream eating contest was won by the sophomores but the seniors, juniors and **Mr. Layne** and **Mr. Lowry** held a close second. The highlight of the assembly, The Legs Contest, was won by Senior **Craig Lyons.** All the contestants came up with a variety of ways to "strut their stuff."

Seniors Tom Jones and Ray Lamb attempt to take the ice cream eating contest 3 years in a row.

Junior Brad Bennet dances his way across the gym for his eager student body fans.



Taking a break from dancing, Angel Schneider and her date get some punch.

Lee Whitt and Robin Woods anticipate the night's activities.

Scott Walker and Chris Linden share a very special moment together.

Streamers and Fountains

A very special night that many will remember as an enjoyable evening. For most couples, the night began with dinner. Some went to places such as CoCos and Bryn Maur, while others enjoyed homemade dinners. Afterwards prom goers went to Capital University. To enter, one walked through a trellis covered with silver streamers. The tables displayed white roses and silver candles. The Senior Class color of dusty rose and silver were sported on the program booklet and napkins. In the center of the dance floor a fountain was placed. The theme chosen by the Junior prom committee was "We May Never Pass This Way Again." Pure Jam provided the musical entertainment at both prom and after prom, which was held at Blacklick Golf Course Clubhouse. It was a night that many shall remember.

Before Prom, Robin Hackney and Shawn Gebbs help set up the fountain.

Christie Curran and Nancy Speed prepare the roses for the tables.

Chris Bennett and Mike Pennington glow as the evening hours go on.

Bill Doke and his date Amy Hiegel watch the slide show during the band's intermission.

Senior Doug Danderand and Joanie Fritz take a break from the evening's activities.

Mike Bussard and Becky Mansfield cheerfully greet people at prom.

Sue Christian and Mike Gebbie enjoy prom together.

Kelly Young and her date, Mike Luft, look forward to the rest of the evening.

Robbie Jackson and Leslie Bookout dance the night away.

Cinderella

"It's hard to be, a belle of the ball," sings the two "ugly" stepsisters of the girl who lives under the stairs. This year's spring production was Cinderella. The show underwent some changes from a fairy tale to a comedy. Unlike the original children's story, the Drama club performed Cinderella with several sub-plots. Among them were the king and his advisors trying to get the Prince, Edward, married.

The practices lasted after school for several months. Until the night of May 14 everything was simple for the vast array of actors and actresses. The cast and crew worked long and hard. "The first night is always the best night," stated this year's student director, Carol Haas.

The second night being the last will usually bring a few tears, especially to the Senior members of the cast.

After all the performance on Saturday night, most of the cast took a trip to Swensons. They found it was too busy so they went for ice cream some place else.

The cast party offically took place the Sunday after the set was taken down. The cast party was different because it was held outside at the 2 acre ranch house of Senior cast member Doug Riggle. According to Senior Carol Haas, the turnout was not as good as it could have been but they were responsive to the cast.

The Fairy Godmother looks on in approval as Cinderella finds a friend.

"The very atmosphere of . . . Love," states Junior Mark Bramer during play rehearsal.

At the ball the cast dances a most unique dance.

Chamberlin and the King discuss the recent arrival of Cinderella.

Follies Spoof TV Comedy Shows

Babies, banjos, and Broadway were some of the acts featured in the 1981 Tomato Town Follies. Beginning with the fast beat of *Turn the Beat Around,* a dance number with Amy McCloud and **Cathy Weber;** the program ended with *Could I Have This Dance* sung by **Ruth Ann Gamber.**

"A Spoof on Television Comedy Variety Programs" was this year's theme. Throughout the entire program, a series of commercials was presented to the audience. Commercials like Kathy Rigby, played by **Kriss Kopp,** a BIZ commercial by **Cecelia Farmer** were presented at the opening of the second act. Other commercials were Brooke Shields in a towel by **Pam Fightmaster** and the Publishers Clearing House Give-Away by the "husband and wife" team of **Robin Williams** and **Doug Riggle. Mr. Gathergood,** the head of the Drama Department stated, "The 1981 Tomato Town Follies was held in the fall this year to allow more time to prepare for the show. It was well received by the Reynoldsburg community and represented the many talents of the RHS students."

Crosby Spotlighted During Senior Show

The 1981-82 football season would not be complete without the fantastic sounds of the High School Marching Band. The sounds of "RHS, Raiders Are Best" rang out in the air before performing the Raiders traditional "R" during pre-game. After the National Anthem the bands marched to their band stands and prepared for the upcoming halftime shows. Ranging from "A Movie Show, Broadway, and to A great Artists show" to which the band performed beautifully.

The long hard hours spent under the direction of Dan Nawroki and Gary Hodges at band camp, after school, and even during school really paid off.

But come Friday night the leadership turned to Junior Drum Majors, Ken Snare and Brett Suttle.

Under the direction of Cathy Madden, the Majorettes Sheri Olson, Tina Capers, Karen Crosby, and Robin Merriek performed the halftime shows.

The Senior Show, the climax of the season, was written and conducted by the seniors at the end of the year. Spotlighted senior majorette Karen Crosby did a beautiful solo routine for her last home performance.

Junior Marching Band member Cindy Dill exclaimed, "I look forward to Marching Band season every year and even through all the hard work, it is fun and I love it." Junior Doug Francis said that Marching Band is the high point of his whole year, and is really looking forward to his Senior year.

Two Rowdie Raiders: *Doug Francis* and *Jim Eck*.

The 1981-82 RHS Flag Corps added sparkle and color to the half time shows performed by the marching band. The corps, with their adviser Mrs. Cathy Chadwell, worked many extra hours writing routines and memorizing charts.

A welcome addition to the corps were new flags purchased with money from the Band Boosters. These flags have a completely new design and were made by the corps members themselves.

The Flag Corps is featured in concert numbers such as Tubular Bells, a number performed by the percussion, Fame and Tiger of San Pedro.

Eastland Mall
Christmas Concert Well Received

Room 209 was filled with music second period everyday. The choir and ensemble under the direction of Mr. Joseph Thrower, provided choral entertainment in and outside of school. The annual Christmas assembly provided a chance for the talents of both choirs to be heard by the entire school. Ensemble member Teresa Mayeres was featured as a soloist while singing a holiday melody. A concert was also performed at Eastland Mall during the Christmas holiday.

Daily class time was spent preparing for concerts, large group contest and the Vocal Music Festival where various neighboring schools performed.

Senior Ruth Gamber commented, "Choir and ensemble gives me a chance to express myself through music while enjoying myself at the same time. Why do something if you don't enjoy it?"

If We Don't Know Who Does?

The In-The-Know team worked hard last year to match their wits with teams from other schools. The varsity team consisted of Anne Kuhn (current events), Scott Aaron (music, art, and literature), Jeff Faust (geology, and geography). The reserve team was made up of Mark Brammer, Mike Warshauer, Scott Aaron, and Jeff Faust.

The team made their television appearance on September 18, and won against Gahanna. Mark Brammer said this about the team, "We studied for two hours every Monday night." The team sometimes went over to Mr. McVeigh's house and watched old tapes of In-The-Know. Mike said "I think we did ok but some people weren't too dedicated." The record for the varsity team was 1-7. The record for the reserve team was 5-2.

Mark Brammer and Mike Warshauer sit at a practice of In The Know.

Anne Kuhn quizzes her fellow partner to prepare for a game. Scott Aaron and Jeff Faust tackle tough practice questions in preparation for the next In-The-Know game.

News Center 3

Yes, the Newscenter 3 team was at it again last year. Anyone who took Television Production got a chance to produce, direct, and set up the technical aspects of the RHS newscenter 3 show. The anchors, or "talent," consisted of students in Mr. Coffman's Advanced Journalism class who strived to become action reporters.

Aired on Saturdays and Sundays on Coax Channel 3, the show featured such topics as Question of the Week, Health Series, and interviews with various members of the student body. The technical crew of Newscenter 3 made sure the show was adequately put together. Audio mixer Kim Noble states, "This class has taught me alot about the behind the scenes part of a news show, and I have a great time helping to put the show together." Bob Monds was the director, Holly Carr, the Video Mixer, Rob Ridlehoover the cameraman, and Mr. Gathergood the producer.

The crew includes Kim Van Buren, Dean Steward, Patty Hanks, Bob Monds, Kim Noble, Rob Ridlehover, Ron McKemy, Kevin Burchett, and Holly Carr.

Distributive Education: Business With Pleasure

Giving students on the job experience in business management is the goal of the R.H.S. Distributive Education Class. Distributive Education, or D.E., is a national organization that involves many state and regional competitions. **Traci Summa,** D.E. secretary, was given the state secretary title at an Ohio Election held at the Sheraton Hotel. **Traci** stated, **"Tommy Van Fossen** really helped me a lot, I couldn't have done it without him."

D.E. class has made an attempt each year to hold civic projects to help needy families. During Thanksgiving season, thirty turkeys were given to families around the community. A can drive was held at Christmas time to help families.

Senior Trina Anderson ponders on what she must do next while working her turn behind the registar.

Senior Karen Crosby selects a chocolate bismark from her ample donut supply.

Unsung But Growing Stronger

When asked how COE has helped her, Senior **Lori Wiggins** replied, "COE has helped me gain a lot of self confidence by working in a job related atmosphere." Senior **Tina Smith** said, "I have gained many experiences that are not available in a classroom."

The Co-operative Office Education class of Reynoldsburg High School is a relatively unsung class. Yet they are equal to the Distributive Education class in the work they do, in fund-raising, and in spirit. This year the COE class sold Senior class and Rowdy Raider t-shirts. They also sold two year calendars and Current stationary products. The profits from their fund raisers went to pay for the seminars, field trips, brunches, and the Employer Appreciation Banquet in the spring.

Students in COE learned various office skills such as typing and using office machines. These skills are used in paying office situations ranging from elementary and secondary school offices to banks. In the winter COE members compete in state and nation wide contests against other COE students.

Working Through School

O.W.A., Occupational Work Experience, a program developed by the State Dept. of Education in conjunction with local school districts to eliminate the increasing number of high school drop-outs. These students are part of CO-OP work study program designed to give them both a practical work related experience as well as an improved opportunity at completing graduation requirements. Changes in attitudes towards school, community and work are but a few of the desired goals of this program. The work experience encompasses a number of vocational fields including mechanics, food services, clerical and service related jobs. OWA is a program designed to give a realistic opportunity for success to students that might not otherwise make the effort.

104 RHS Students Attend EVS

Eastland Vocational school is a public facility built in 1968. The school was planned, constructed and developed to serve students with special vocational interests. Eastland's 1981-1982 school year enrollment consisted of 50 RHS Juniors and 64 RHS Seniors. These were the lowest figures in 8 years. Mr. Johnson, RHS Guidance Counselor feels that "Students who go to Eastland see an opportunity to obtain training that will lead them to an occupation. Eastland Vocational provides practical knowledge and experience".

Each student is enrolled in a two year program of their choice selected from the following:

Accounting/Data Processing
Agricultural and Industrial Mechanics
Auto Body Repair
Auto Mechanics
Construction Carpentry
Cosmetology
Dental Assisting
Design Drafting
Electronics
Electricity
Food prep. and service
High Skill Stenography
Horticulture
Laboratory and Medical Assisting
Law Enforcement
Machine Shop
Office Machines
Office Printing
Welding

Principles of circuit design and construction enable Junior, Tim Sagarg to detect defects in an electrical system.

Advanced printing is available to Eastland Vocational Seniors. After the completion of Printing II. The printing machine is just one of many jobs, Senior, Jill Moore, must master.

Eastland Vocational Senior, Todd Neiswander is enrolled in Machine shop. He learns to operate and maintain tools and equipment.

Senior, Tim Price, works on a class project in Printing class.

Eastland Senior, Michelle Stiffler receives information through a mini-computer to aid her in lab assisting.

In all Eastland Vocational classes safety is the first priority. Junior, Mark Allen is shown wearing his safety glasses in carpentry class.

Practical application through shop and field experiences aid Junior Chuck Killilea, in understanding the principles in the electrical trade.

Senior, Mike Reid, learns how to estimate costs, repair dents, punctures and install new parts on automobile bodies.

Vica BIG at Eastland

VICA stands for Vocational Industrial Clubs of America. Students enrolled in the trade and industrial education program areas, at Eastland, are eligible to become members of VICA. Members participated in local, district, regional, state and national contests dealing with their particular skill area. Officer training programs, parliamentary procedure, and citizenship training are emphasized in this student organization.

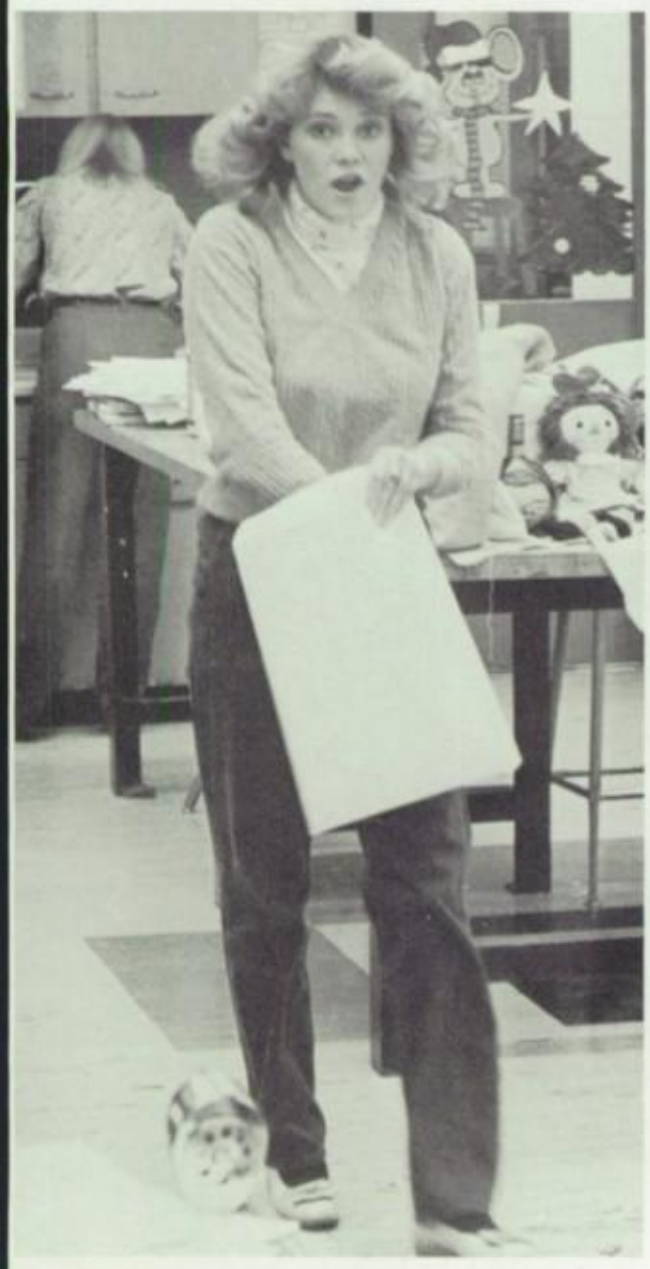
Reynolian . . . "Better Than Ever"

This year the yearbook class was worth one credit. This would make the book better than ever. In order to get a grade, the students sections had to be top quality.

New techniques and a wide variety of equipment made a better book possible for the student body. New photography equipment, and the influencing help of advisor Tom Mann pushed the photographers to shoot better photos.

Each student was given a certain section in which they were responsible for each deadline. After school yearbook sessions were greatly recommended to meet deadlines. Pizza parties and other rewards were given due to hours of hard work.

This year yearbook was conducted more like a class than in previous years. Students took tests, wrote papers and were required to sell ads for grades. Just like in any other class there were frustrations and disappointments but the staff worked together to make the book "BETTER THAN EVER."



Layout editor Chris Linden and Barb Meyer work to meet an upcoming deadline.

Business editor Tami Estep is shocked over the work she has to do.

Compass Achieves *Fourth* in State

The Compass Staff worked in depth last year to provide Reynoldsburg students with interesting and informative articles! The staffers worked days and nights to complete deadlines with advisor Mr. Coffman in a contest sponsored by the Ohio Press Club. Co-editor Joe Weible, received a first place award in the informative feature writing. Kevin Burchett an Honorable mention for feature photography. Denise Foster, an honorable mention for a personality sketch. Co-editor Patty Hanks, second place for in-depth reporting and the Compass altogether received fourth place in Ohio as a school newspaper. A few of the top stories of the year covered dating, Video games, and Prom. The staff sponsored dances and candy-grams among other things to keep financially independent.

They Ate and Ate, German and Greek

Food, food, and more food! The International Club had a year filled with food. The Greek restaurant, Aegean, was the first activity the club attended this year. While there the students were entertained by a series of Greek Bellydancers.

At the Oktoberfest, brat wurst and sauer kraut were the main meals. People came back from both places with full stomachs and happy faces. The International Club President, TINA GERDAU, said that, "The members of the International Club really seemed to enjoy themselves this year."

American Field Service

Money, money, money! That is why the American Field Service (AFS) had so many bake sales this year. The AFS is an organization designed to produce cultural exchanges between our country and others.

This year the AFS had several students over from countries like Norway, and Turkey. Among them is Gursev Gulmon from Turkey. She is staying with Senior Anne Kuhn and her family. Gursev was involved with many different things this year that were different than in her home country. She helped the drama department this year with their movie and was involved with the spring play Cinderella.

To the Races

Even though winter weather conditions were seemingly unfavorable, the 1981-82 Ski Club ran through their courses. Several of the trips to Clearfork Ski Lodge in Butler, Ohio were cancelled. One such trip was not taken due to too much snow. The buses could not get through.

Clearfork holds an annual Downhill Ski Contest. Any school club could participate in the races. The competitions were divided according to age and ability. Once again Reynoldsburg brought home the honors. In the Advanced Boys division, Presley Ellsworth and Tom Creek showed their skiing expertise, bringing home first and second places respectively. Kim Sherrill glided through the Advanced Girls division into another first place for the Ski Club.

Language Opens New Doors

Eleven Spanish students experienced a new culture. June 14 through the 23, these students, with the chaperone Mrs. McFann, traveled Mexico City and Acapulco. It gave them the chance to use their Spanish and learn about the people and the society in these places. They bartered with merchants and ordered their meals. They stayed in the Hotel Del Prado in Mexico City.

Golden Girls Sparkle During '82 Season

The lockers of the football players decorated with good luck signs and crepe paper flowers. This work was made by the Golden Girls, a group of individuals that originated to help pep up the spirits of the football, basketball, and baseball players. Each girl was assigned to send messages to and decorate the locker of a certain athlete. The Golden Girls also baked cookies, gave presents, and sent candy to the athletes.

President of the Golden Girls was Clara Reed, and Paula Cherrivassi was the secretary, while Mr. Sammons was the advisor. Kim Cartledge, the Golden Girl for Rusty Edwards said, "Being a Golden Girl is fun but quite tiring. We try to go to all the games and we get the chance to go crazy."

In short the Golden Girls were hardworking, and greatly appreciated by the athletes and their coaches.

FCA — Fellowship of Christian Athletes

The Fellowship of Christian Athletes is a small organization of athletes in Reynoldsburg High School. They get together on Thursday nights to talk. Mr. Duplinski was the advisor. They did many things to help the community. They had a doughnut sale where they bought 40 dozen doughnuts and went door to door selling them. After they broke even, they brought the extra doughnuts to the nursing home and sat and ate and talked with the people at the home.

Together We Can

During the 81-82 school year, Student Council, under the leadership of Mrs. Katterheinrich and president **Dwight Artrip,** planned projects to improve the school year. Along with the traditional activities such as the Homecomings, Spring Fling and several post-game dances, the council tackled new proposals. The controversial issue of demerits was confronted with a proposal to work off demerits earned by minor offenses. By dividing the "Wall" into four sections the council solved the mural controversy by allowing each senior class to paint a section each year.

Non-elect member **Karen Vogler** states, "Student Council this year is trying to improve the school and their image so we can be proud of our alma mater after we graduate."

Lighting the Way to New Horizons

Anticipation and worried excitement filled the air as students filed into the gym. Then the lights lowered and the parents entered from behind the curtains. National Honor Society President Kathy Kaufman started the ceremony by introducing the 1980-81 members and by giving a little background about NHS. Sixty-four students were selected for their leadership, scholarship, service, and character. These people were tapped by old members. Then the new members lit candles that symbolized lasting knowledge. The activities were conducted by President Kathy Kaufman, Vice President Heidi Borden, Secretary Lori Wiggins, and Treasurer Mary Patterson with the guidance of Mrs. Pat McVeigh. After the assembly, members, parents, and teachers were invited to attend a reception held in the Media Center.

Class of 82

The year started out slow for the Class of '82. But as the months passed by, the Seniors were anxiously awaiting for the magical moment of graduation.

A big disappointment came when the Juniors won the first pep assembly. That put a damper on the following assembly. But as homecoming week came along, so did the Seniors. The Class of '82 showed how much spirit they had by buying the most balloons sponsored by D.E.C.A. On Thursday Night, the annual powderpuff game was played as the Seniors defeated the Underclassmen 14-6. At the Homecoming assembly, the Seniors chanted "14-6 SENIORS KICK!"

As the year progressed, the Class of '82 became closer. As Senior **Kristin Johnson** stated, "This being our Senior year, we felt that it was time that we became closer." Seniors parties were a big get together. On February 11, 1982, approximately 250 Seniors attended the party. The party was organized by **Tommie Van Fossen** and **Adam High.** Senior **Clara Reed** also helped with the party. **Clara** stated, "The party was a big success. There were no problems. It was neat just to get together with just Seniors. I had a great time and so did the people I talked to."

Bru Crew

The Brew Crew of '82 started as a group of close friends that hung around each other and attend sporting events together. When they became better known, they decided to give themselves a name. The name was thought up in their junior year. They became official and got themselves "Bru Crew" shirts.

The Brew Crew was made up of **Chris Arp, Doug Dandurand, Bill Doke, John Giddings, Barry Kellar, Dan Ouellette,** and **Todd Watson.**

"We are not a gang, but we have sworn to defend our names, friends and our right to have a good time," stated **Dan Ouellette.**

"The Brew Crew of '82 is a rowdy group and we will always stand together as one," stated Todd Watson.

The correct spelling of the Crew is Brew Crew of '82. Even though it is spelled Bru Crew on their shirts. The reason behind this was so that the administration would not affiliate the shirts as alcohol related.

Carter Works for College

College, who can afford to go? In 1982 many of the schools funding has been cut, which means tuition prices will be raised. And the many extra curricular activities will be cut. The economy is so bad many of the colleges are cutting their summer classes. Students find that if they are planning on going to college many must work. Jobs in the community of Reynoldsburg are hard to find. One Reynoldsburg Senior, Donna Carter worked at Long John Silvers on Livingston Avenue. She said before she started working there in June, she applied at many different places. Donna says "College is expensive, you can't expect your parents to pay for it all." She feels that if you help pay for some of your own college expenses you take it more seriously because its your money! She also said the economy has changed her mind about college choices because of the expense for schools in and out of state. She feels many will take college more seriously because of todays economy.

Speech 7 —
Shhh! No Talking Allowed

There was an English class here at RHS that offered a student a little more than just grammar and writing skills. The class was called communication or Speech 7. The class was small, but many of the students become really close. Honesty was a very big part of the course. Many shared their feelings with the group and the individuals in the class were allowed to express their own opinions. Students learned to relate with themselves and learned more about themselves and about the other students in the class. Many of the students, felt Mr. Gathergood made learning really fun and interesting. Senior **Carin Creagar** said "this is important because it makes you feel more comfortable with the class and the teacher." Junior **Kirsten Hanson** said, "If you feel like the teacher is really into what he teaches you have a better feeling toward the teacher and the class."

In communication the students learned sign language and the importance of it. They also learned how important communication can be in the everyday world. Communication was offered to Juniors and Seniors.

Caps and Gowns

On May 17, 1982, Seniors received their long awaited caps and gowns. Throughout the school, Seniors were trying on the garments to see if the gowns looked alright. The caps and gowns were worn three times — at the awards assembly, Baccalaureate and finally at Commencement.

Receiving the caps and gowns was just one step closer to the big day — June 1, 1982.

Seniors Lynne Huston, Scott Robson, Mike Gebbie and Tony Price are ready to graduate.

City Officials Turn Over the Reigns

Youth in Government sponsored by the Reynoldsburg Jaycees, gave seniors a chance to see how our local government worked. Mock elections were held to elect students to the different offices. On the first tour of Reynoldsburg, participants toured the Sewage Plant, Police Dept., Fire Dept., and the Street Dept. On the second tour they saw the Municipal Building where the major, John Francis, gave a speech. Afterwards, mock Council and Board of Eduction meetings were held. Participants were then treated to lunch at the Holiday Inn. The President of the Jaycees gave a speech and passed out certificates of participation. Kim Sherrill commented, "It was interesting to see the day to day workings of the city government and I realized that many of the issues were more complicated and time consuming than I expected."

Mysterious Student

RHS is a high school full of many individuals. One such individual is a newcomer named Steve Maxwell. Steve entered RHS around the beginning of the wrestling season. He became active right from the start as he wrestled on the varsity squad. Steve enjoyed the pleasures of almost instant popularity during his shortened Senior year at RHS. After becoming the most talked about senior he ran for mayor during Youth in Government Week. Success came easy when he was nominated for Mayor of Reynoldsburg. Steve unfortunately lost the elections due to the rumor that he failed to register as a voter.

When discussing his scholastic abilities, Steve was said to be light and inovative. When asked to describe Steve as a student Mrs. Becky Green described his writing technique. "Steve has a very unique style. Out of all my seniors there is no one quite like him."

Of a Special Friend

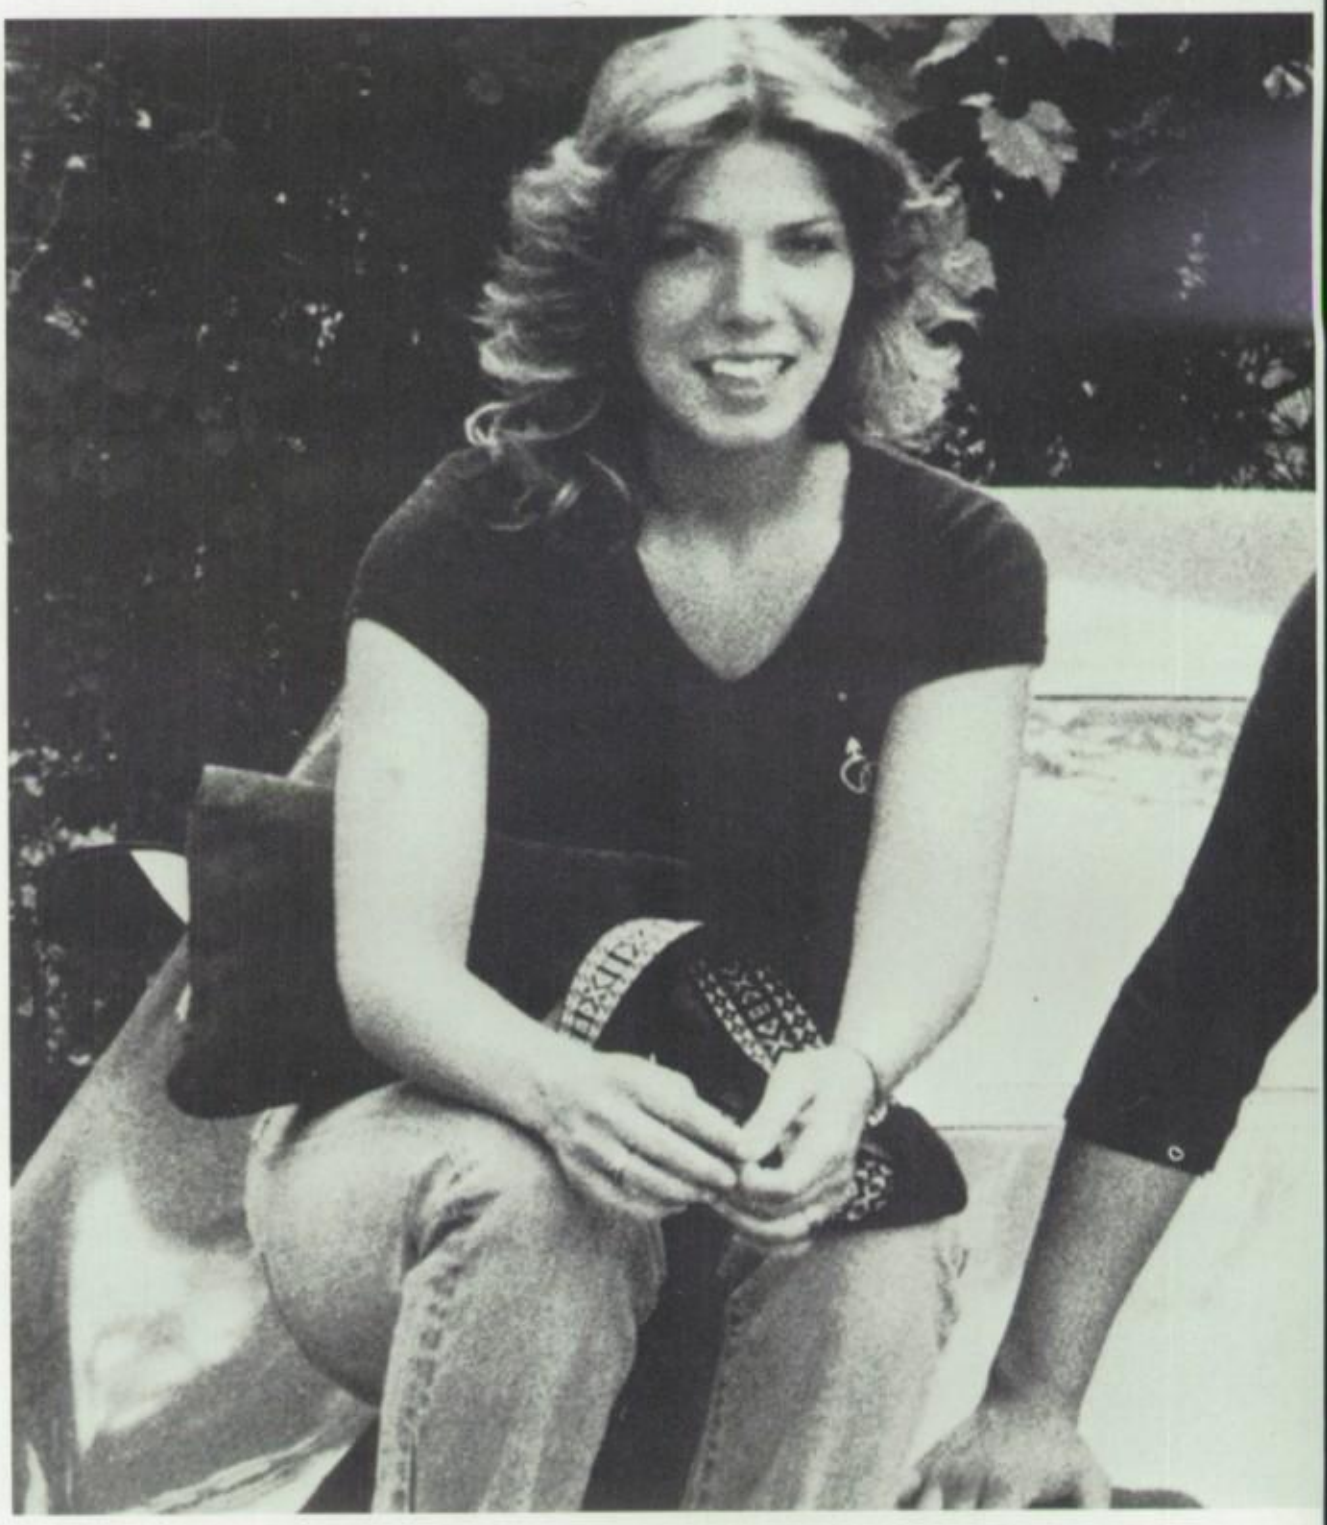
Holly E. Peters

We must live through the weary winter,
If we would value spring
And the woods must be cold and silent,
Before the robins sing.

The flowers must be buried in darkness,
Before they can bud and bloom.
And the sweetest and warmest sunshine,
Comes after the storm and gloom.

So the heart, from the hardest trial,
Gains the purest joy of all
And from the lips that have tasted sadness,
The sweetest songs will fall.

For as peace comes after suffering,
And love is reward of pain,
So, after earth, comes heaven,
And out of our loss, the gain.



Holly —

You are loved and missed by everyone. The Reynolian staff misses your talent and help. We know that a few pages of pictures and words cannot express our feelings. This is to show you, that you are not forgotten.

The Reynolian Staff

Serving as senior class president has truly been a pleasure for me this year. It is hard to believe that tonight we will graduate and complete thirteen years of schooling. Now that I look back the thirteen years seem to have flown by. For many of us, all of these years were spent in the Reynoldsburg School System. I am sure many of us still remember leaving home for the first time and starting kindergarden at the age of five. For the first time we had to leave the security of our mothers and step into entirely different situation. Who can ever forget their kindergarden teachers. Names like Mrs. Hudson, Mrs. Will, and Mrs. Burley will stay with us throughout our lives. These teachers started us on the road to where we are today and we must give them the credit they deserve.

For many of us at the age of six we took another step towards tonight by starting first grade and entering elementary schools. Herbert Mills, Fernch Run, Graham Road, and Rose Hill were the schools where we leerned our basic reading, writing, and arithmetic.

From here we moved on to the Middle School. Here we had our first contact with the other people from the different elementary schools. We also changed classes and for the first time had to listen for bells. In sixth and seventh grade the big thing was to have classes on the second or third floor so that you could go up and down the stairs. This school was like no other school we had attended. Its late 1800's architecture gave it the appearance of a dreary old warehouse.

From this big old school almost one hundred years old with concrete walls a foot thick we moved to a school less than ten years old that in many places had no walls at all.

At the Junior High we were placed in classrooms with sixty other students and three teachers. Talk about being scared. Just to think of three teachers in one class was enough to make a person want to quit. For the first time we were exposed to extra-curricular activities. We chose from a variety of sports or clubs to participate in. The junior high gave us our first little taste of what high school life would be like.

The big step we would have taken is the step from the Junior High to the High School. Many thought the change would be very gradual but they were wrong. The High School is so different from the Junior High. Much more freedom is given to the students. Students choose from a wide variety of classes to attend ranging from basic Math to Math V to computer science. There are many different business classes and more English classes than anyone can ever imagine. There is a total of 41 English courses to choose from. Rhetoric, where students learn the art of writing well, major American writers where the students study writings by authors such as Poe and Bryant, and essays by Emerson and Thoreau, and Funk and Wagnalls where the students become sesquipedalianists are just a few of Englishes to choose from. The sports program is another major part of the high school. Entering the Ohio Division of the O.C.C. this past year was a major step for the sports pr gram. The first couple of years are bound to be shak after entering such a competitive division but th long run this move can only improve the sport program.

The highlight of this year's homecoming activitie came on Thursday night when the senior girls bea the underclassmen in the annual powderpuff gam 14-6. The cheerleaders carried on the winning trad tion by capturing first place in several contest Students also have a variety of clubs in which to pa ticipate, AFS, drama, FCA, ski, international, in th know, National Honor Society, and Student Counc are just a few of the clubs at the high schools. Thi year's Drama Club produced a full length movi which is a great accomplishment.

The organizations and classes at the high scho prepare us for the future. They ready us to be th workers and the leaders of our country. But all of thi is behind us now, so look not to the past for it is gon look not to the present for it is here, but look to th future for it is us.

"Make Each Day Count" by Heidi Borden

This is it, the moment we've all waited for for so long! Just think of the long days we counted down the past few months, hours. Just think of all those days last week we spent practicing for this one special day. Those were days I'll never forget! There are so many memories of this year that I'm sure none of us will ever forget! Those memories will always be with us and always be very special to us, but we can not live in the past, and yet we can live in the future, for we do not know what it has in store for us. Each one of us must live for today; make each day as full excitement, love, and joy that it can possible be.

If you make each day of your life as fulfilled as you can, you will have no regrets and you will never feel unfulfilled or feel like you missed out on something. Each day holds new horizons and new challenges to be faced. Each new challenge of every new day may open new and better doors of opportunity. Experience each day as it comes and you will always have new and exciting encounters of life. Make each day everything you want it to be because each day possesses qualities that you will never find again. Each day is what you make it. Don't waste one minute of any day, because that minute is lost forever.

In the days leading up to this very special day, we all were counting down the days and wishing them away as fast as they could possibly go. Now think back and think of all the things we missed that we can never have back again. The closeness of the seniors during the last month, the last time we gather in the courtyard and around the "Raider Crater," the last 7th period bell we heard and cleaning out our lockers while the hall got of our trash collected over the year.

Did we really capture everything out of those days that we could have, or did we leave wonderful memories on those wonderful times, memories that we can never have the chance to gather again. As Bud Meyer said, "The moment may be temporary, be the memory is forever." Take the memories as they come or you may never have the chance again.

The essay "The station," says; Sooner or Later we must realize there is no station, no one place to arrive once and for all. The true joy of life is the trip. "Relish the moment" is a good motto, especially when coupled with Psalm 118 verse 24, "This is the day which the Lord hath made; we will rejoice and be glad in it." It is not the burdens of today that drive men mad. It is the regrets over yesterday and the fear of tomorrow. Regret and fear our twin thieves who rob us of today. Life must be lived as we go along.

Looking forward to times in the future is fine, but with it you wish away today and all the memories it may hold for you. As Gerold Horton Bath said, "Right now is a good time." Take every moment for what it is worth, for you will never have that moment. I have always believed in this class's ability to make the most out of every minute of every day. I hope that each of us is always able to make the most of every of our lives, for it all goes by so quickly. I have been so proud to be part of the class of 1982 and I know that we've got what it takes to make the world a better place to live.

Edward Lemon and Jeff Richardson express a smile as the time is arriving soon.

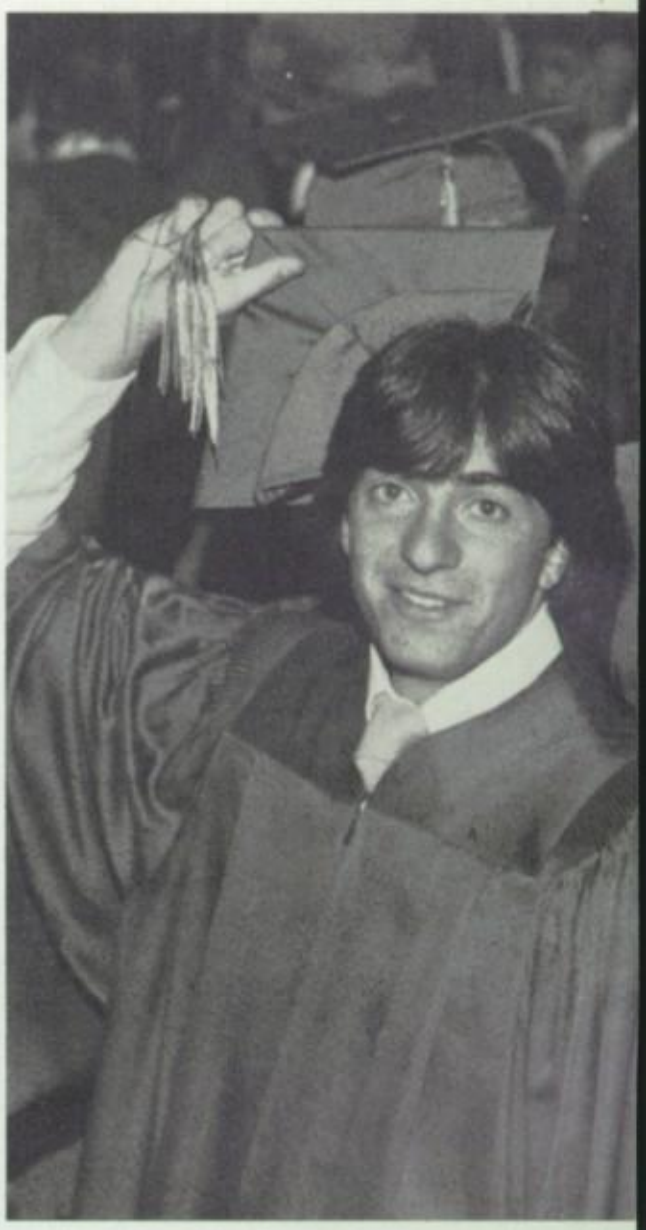
"Behind the Scenes" by Patty Hanks

After thirteen yeras we're finally here. The class of 1982 has now earned the right and honor to graduate, but by no means have we made it here on our own. Many people have stood behind the scenes and given their support.

From kindergarten through our final year, teachers have been preparing us for this moment which will open the door to our futures. The faculty found the time to discover and recognize the unique characteristics and qualities of each individual. They have given us countless hours of spare time. Without the many volunteer chaperones among the teaching staff, there would have never been a Homecoming, a prom or any other school function.

During our years at Reynoldsburg, the administration has worked hard to maintain and improve standards of education in its schools. This group has set a disciplinary standard for students. Also, we have never been a soft spoken class. We have stood up and voiced our opinion, and we show our gratitude toward the administration for listening to us and sometimes compromising with our arguments.

We could not have made it from year to year without the aid of guidance counselors. Each year they provide schedules and help everyone choose the course of study that best fits each individual's personal goal. When a student needed someone to talk to, the counselors were there to lend an ear and sometimes a little advice . . .



Seniors Chris Arp, Mark Arnold, and John Baker show their excitement as the special day is finally here.

"It Was Only Yesterday" By Lisa Baker

Well here we are, graduating seniors of the class of 1982. Tonight culminates thirteen years of hard work; it also draws an end to the many fun times we have shared as classmates. Our school days have been filled with good times and bad times, laughs and tears, fun times and hard work; through everything we managed to make it here tonight.

Many of us feel the past thirteen years have flown by too fast. Our parents probably feel it was just yesterday that we took our first step and muttered our first word. When we reached the age of five, kindergarten came and tore us away from "Sesame Street" and brought us into a real classroom. Remember how we made mom buy enough school supplies for us to start our own school with? And or course we had to have a new outfit to begin kindergarten with. Then that first day came and mom made us pose in the front yard with our favorite wool skirt and sweater on and our black patent leather shoes on even though it was ninety degrees outside. Well, mom was probably shocked when that front yard picture taking session was repeated just three weeks ago. Only this time we were wearing ninety dollar prom dresses as we drove off with our dates. Our parents remarked, "see ya tomorrow!" Those days have come and gone, but the memories of the times we have shared will last forever.

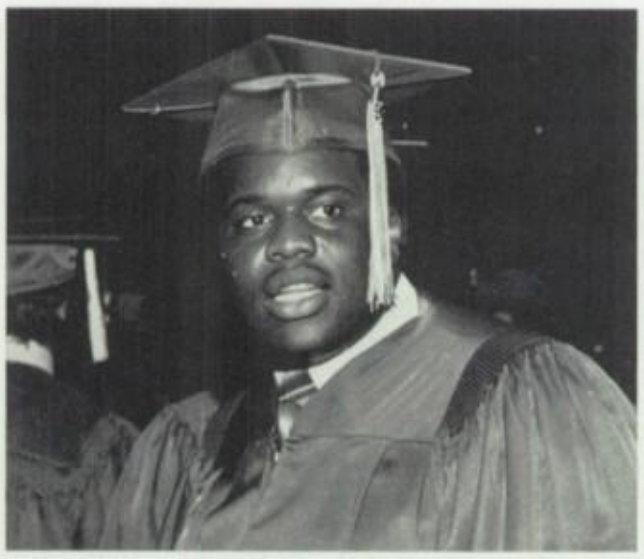
It was only yesterday when we were on the playgrounds of the elementary schools playing dodgeball and kickball and trying to stay away from people who suffered from the feared disease called "cooties"!

It was only yesterday when we were laboring over simple addition and subtraction problems. Yesterday when our biggest problems were finding someone to trade lunches with because mom packed peanut butter and jelly for the fourth time this week. We all probably feel embarrassed as we look back on those childhood memories, but those times will always be remembered as the best times of our lives.

As the years passed on the thought of graduating became more and more a reality instead of a dream. Many of us attended commencement ceremonies of older brothers and sisters, and we wondered if our own graduation day would ever come. That day is finally here, all that is left now are the memories. The memories of eight grade English when Mrs. Jerse and Mrs. Twynham would dress up in disguises such as old women as a part of class. Memories of the great hotel we stayed in at Washington, D.C. and the so-called-food they served for breakfast. Memories of being initiated as sophomores and then being able to initiate sophomores during our senior year. Memories of staying up all night trying to figure out the meaning of life according to Ralph Waldo Emerson, and staying out all night with that someone special at prom and afterprom. The memories of calling Mrs. Green late at night on her rhetoric hotline as we desperately tried to finish a theme, and who could forget Youth in Government day as Steve Maxwell was mysteriously taken off the ballot for mayor! Memories of pep assemblies, hall decorating and spring fling week, memories of car rallys and football games, memories of visiting Screaming Willies for the first time as our eighteenth birthdays were celebrated. Memories of wearing our class rings for the first time as sophomores and of putting the cap and gown on for the first time as graduating seniors.

We as a class have made the past thirteen years unforgettable. We always found a way to laugh and smile even through the rough times. Now all that we have are the memories; it is time for us to venture on and find what lies beyond the halls of Reynoldsburg High.

Graduation day is finally here, the day we have been anxiously anticipating for the past thirteen years, but yet it is awfully hard to say good-bye, and even though we will travel our own separate roads now, all of us will carry the memories we have of our school days with us for the rest of our lives.

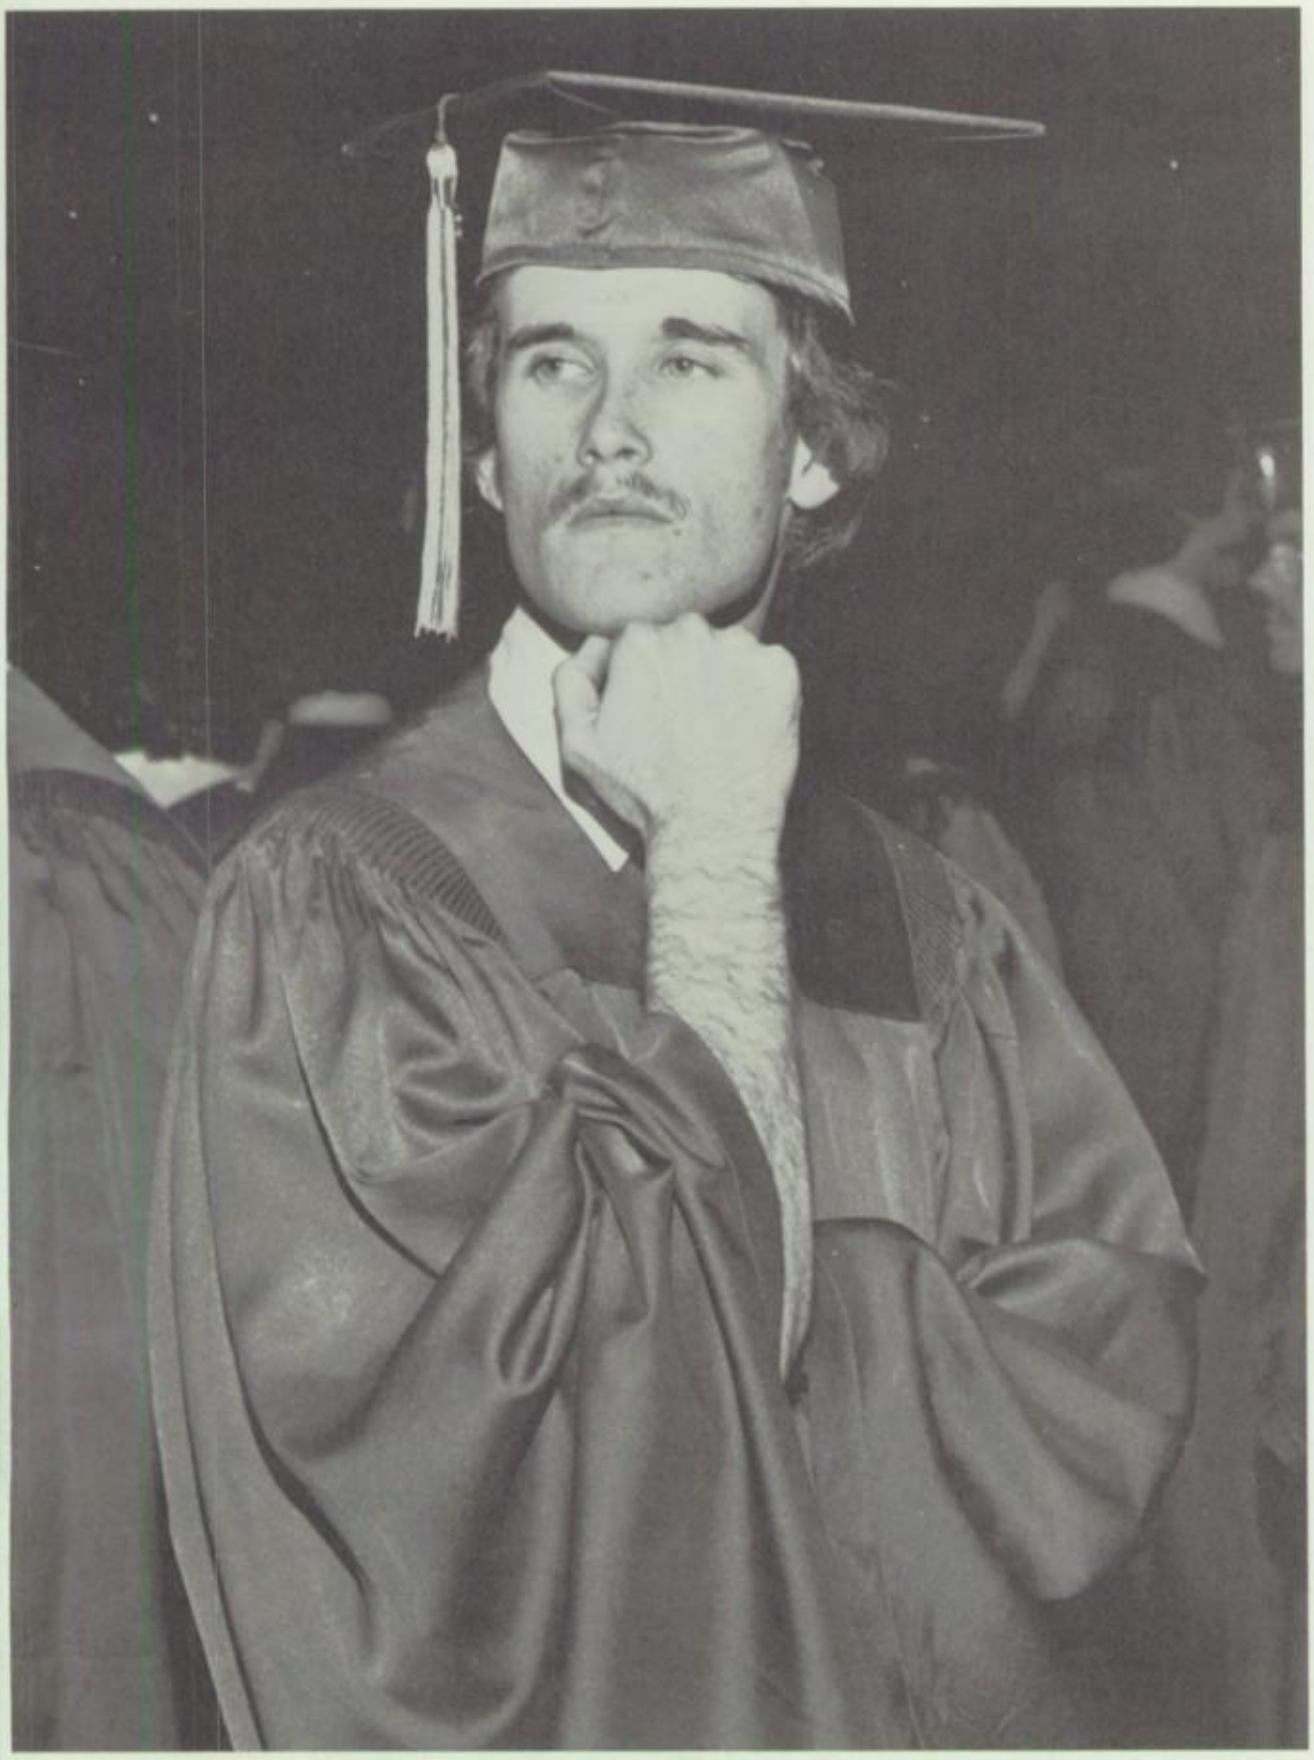


Senior Clifton Harvey anticipates receiving his long awaited diploma.

Seniors Michele Pfeufer, Teresa Lambert, Susan Cooper, and Lisa Noel rush to meet the assembly room before commencement.

Senior John Baker receives his high school diploma from someone special — his mother a Reynoldsburg School Board Member.

Anxious Valedictorians await the closing of the graduation ceremony.



"Facing a New Challenge"

As we step into a world of the unknown we shall meet many and varied challenges. We, as a generation, shall meet challenges of helping the American budget to balance making the world a safe and peaceful place to live, allowing our children to live together in harmony and solving the ever growing problem of energy. These challenges shall be overcome with skills we have learned from our teachers and skills we have obtained through the past experiences. A sense of freedom shall prevail when we meet our challenges because we have been released from the tight bonds that have controlled us. We shall meet these challenges and we shall conquer or be defeated, still learning in either case. Our new frontier will be scary but we still have to forge ahead.

Though we shall travel into battle with out heads held high we shall be haunted by a sense of insecurity which is natural when you try something for the first time. In the past times our parents have helped us through out troubled times and now they shall let us experience our lives for ourselves with moderate help. Our friends will have similar problems such as finding jobs, supporting themselves, and bettering themselves. Our friends may have little or may be too confused to help. Though you may feel alone there are many around who would like to help if only given a chance. Our insecurities shall be overcome with time, patience and understanding from the people around us.

Tough New League Challenges

The 1981-82 football season came to a disappointing end with a 2-7-1 record. The thought of entering the Ohio Capital Conference of the Ohio Division presented a new challenge to the Raiders. The switch brought new opponents such as Upper Arlington and Worthington.

During the summer at Thunder Club **Coach Sammons** stated, "This is the strongest group to be in Thunder Club. More people lifted more weight than in previous years. This should help their self confidence."

Senior **Dennis Wilt** said, "As a captain I was disappointed in our record, but I felt that no one ever gave up. The game was often closer than the score ever indicated. The strength and ability of the team isn't the only factor in winning a game."

Junior **Rodney Morris** stated, "I felt that we had the overall ability, size, and strength but we were lacking in other areas."

Tailback Marcus Anderson stopped for short yardage by Whitehall defensive and Mike Robinson.

Reserve quarterback Doug Borden gaining yardage on the Westerville South defense.

Rehab of **Walking Wounded**

Ever wonder why there were girls at all the football practices, scrimmages, Reserve and Varsity games? Well these girls are football trainers. They tape ankles, knees, thumbs, wrists, fingers and help in the care and rehabilitation of the "walking wounded." Senior **Alan Swackhamer** stated "After getting dirt kicked in your face and the coaches yelling at me, it was nice to look up and see a cute smiling face."

The 1981-82 football trainers were **Cindy Popovic, Missy Guy, Mashell Morris, Lisa Roberts, Stephanie Jackson,** and **Stacie Steig** (manager **Brian Starr**). They were required to learn the proper care and taping procedures from the head trainer **Robert Wilson.** "The girls seem to work real hard and are very dependable. There have been girl trainers for about five years. The guys don't seem to mind having them around. We have been very lucky to have people who are as dedicated as the training staff," stated **Mr. Wilson.**

Pence, Stamper Key to Fourth in District

The cross country team finished off their regular season with an even 7-7 record. They took fourth place in the O.C.C. behind Upper Arlington, Worthington, and Gahanna. At the O.C.C. meet, **Dave Pence** finished 2nd, and **Chris Stamper** finished 3rd. Pence followed by Stamper was the familiar one, two combination. The pair kept each other on their toes. **Dave Pence** qualified for the state meet and finished 26th, tying the record for a Raider runner set by Tom Day. The Raiders were seeded 4th in the district behind the teams that finished ahead of them in the O.C.C. The reserve runners ran in the same meets as the varsity. This year marked the first year for a separate girls' team. The girls finished 7th in the league ahead of Westerville South. **Dave Pence** and **Mary Bravard** were voted Most Valuable Player. Most Improved Players were **Rob Curry, Tom Stauffer,** and **Dawn Carr. Dave Pence** and **Chris Stamper** made all-O.C.C. **Dave Pence** was also named All-District.

Tough Season —

But Soccer Program on the Move

Heading, kicking, and over-the-head throws best express the play of a Raider soccer game. Soccer was born in Reynoldsburg three years ago which later showed in the inexperience of the 1981 soccer team. As the Raiders moved into the Ohio Division of the O.C.C., it was apparent hard work and determination were the main ingredients in a successful season. Through sound defeats and clos victories Raider pride always shine through. "A lot of young players are com ing up and with the season veterans of thi year, we anticipate having a better seaso next year," replied Junior **Todd Patton** Even though the soccer team finished wit a 1-15-1 record, Senior **Bob Graham** wa named All-O.C.C. Golf Team Qualifies for District

After teeing up the ball and a few practice swings, the voice of a golfer yelling "fore" is heard across the fairway in the older days. But in 1981 the R.H.S. Raider golfers posted an outstanding season with a record of twenty-six wins to eight losses. The R.H.S. golfers finished among the leaders in the sectional tournament and qualified for the district tournament.

Sophomore **Lance Rhodes** was named to the All-District Team and was chosen most valuable golfer. **Mark Arnold, Larry Marshall, Mike Bussard, Phil Roby, Joe Miller,** and **Doug Kiser** also contributed to the team's winning season with victories over such teams as Gahanna, Westerville North, and Whitehall.

The reserve golfers finished the season with a fine record of twelve wins against two losses.

"I Love to Cheer"

The 1981-82 season proved not only to be memorable but victorious for both varsity and reserve cheerleading squads. Both squads attended an U.S.C.A. camp during the summer. After receiving high awards in the top ten, both squads were invited to Michigan to compete, but they declined to prepare for the upcoming season. The reserve squad was also invited to the Shrine Center where their cheering routines earned them second overall.

Both reserve and varsity's success was due to many hours of practice and help from their advisors Mrs. Polles and Mrs. Gatch.

Two year varsity member Kathy Fitzgerald comments, "I love to cheer to keep up the teams spirit, and I really am looking forward to next year's season."

Girls Stand Out in Ohio Division

"This is the best team I've coached in five years of coaching." Those were the words of Volleyball **Coach Brian Strohm.** The team's final record of 17-6 was strong support of this statement. The girls proved that they could face the challenge of the new division by defeating all of their opponents except Upper Arlington and Gahanna. They took second place in the O.C.C. The team was led by the strong play of the three returning lettermen, Seniors **Kathleen Korterud, Mary Patterson,** and **Lisa Baker.** Near the end of the season, **Lisa Baker** broke her ankle on the opening play of the Powder Puff game. This left the team with one day to prepare a new offense for the Franklin Heights Tournament. Even with the disadvantage, Reynoldsburg entered the tournament as defending champions, and left with second place, behind a strong Riverview team. Reynoldsburg was seeded fifth in the Sectionals of the State tournament. The season came to a close in the first game, as they lost to an average team, Northland. The girls did not want to let go. They played tough until the end, as the scores show: 12-15, 15-2, 13-15. All-O.C.C. went to **Lisa Baker,** and All-O.C.C. Honorable Mention went to **Mary Patterson.** For the second year in a row, a Reynoldsburg player, **Lisa Baker** was named Most Valuable Player in the league. **Lisa** was voted the team's Most Valuable Player. **Robin Sexton, Julie Pachuta,** and **Shavonne Williams** shared the title of Most Improved Player.

Defense

"This team is a little bit easier to handle than last year's O.C.C. championship team. They're a lot better in key positions and underneath the basket. They are two times as strong as last year," stated Coach Brian Strohm. The 1981-82 Girls' Varsity Basketball Team had a successful season with an overall record of 15-7 and a league record of 9-5, which put them in third place behind Upper Arlington and Gahanna. The Lady Raiders started out fast by winning nine of the first ten games. However, losses to Gahanna and Upper Arlington in the second round diminished any hopes of capturing the O.C.C. Throughout the season team defense was stressed. In tournament play the girls advanced to the District Semi-Finals where they lost to Northland, who was rated #2 in the state, by 10 points. With three starters returning next year, the Lady Raiders have high hopes of capturing the O.C.C. championship. Team honors went to Junior **Janet Ryll** as Most Valuable and Senior **Tammy Patton** as Most Improved. Junior **Pam Laake** and **Janet Ryll** were named All-O.C.C. with Junior **Shavonne Williams** receiving Honorable Mention.

Construction Underway Boys Gain Experience

The 1981-82 basketball season can best be described as a year of construction. In his first year as head coach, **David Miller** stressed this fact by displaying Construction Company posters throughout the city. Their "contract" contained various provisions. Among these were a solid base in fundamentals, a strong union, well planned programs, and total dedication to the job. Although the year ended with a 7-14 record, the team as a whole gained much from their experience. The season started off quick with 3 straight and solid victories, however, the road from then on was rocky. The team celebrated victories against Westland and Westerville teams. Even though team basketball was a major attribute, several players stood out. 6'5" Senior center **Neil Khan** led the team in total points with 251, and in rebounds, 181. He was voted most valuable player by his teammates. For his outstanding individual qualities, Senior **Rich Van Horn** was given the "Touch of Class" award. Junior **Matt Kallner** was named the captain of the team for the 1982-83 season. The sacrifices and contributions by all team members and the leadership provided by the senior members will serve as a foundation for a successful basketball tradition at Reynoldsburg High School.

Kellar, Kelleher Go to State

First year head varsity wrestling coach **Duane Blackburn** lauded his team by remarking, "We had quite a successful season. I was satisfied with the overall results. I was also quite pleased with seniors **John Kelleher, Barry Kellar, Dave Miller, Tom Brooks,** and **Doug Dandurand.** They are all exceptional individuals."

Coach **Blackburn** expected to place higher in the sectional tournament, but the team placed as high as possible in the districts. There was only one point difference between 4th and 6th place. With only one more pin, the team would have placed fourth.

Barry Kellar, all OCC — all District — State Qualifier, wrestled to a record of 39-3. Barry mentioned, "For a young team we did well. Coach Cimoroni brought the younger kids along and showed a lot of more advanced moves."

Dan Ouellete wrestled the 175 pound class, and he said, "Other than getting hurt myself, I felt the season went almost as well as expected for me and the team as a whole. The new coaching staff was an inspiration for team spirit. They worked patiently with the team.

Seniors Comment on Season

Seniors played a heavy role on the varsity squad this year. Senior **John Kelleher** who wrestled the 138 pound class (all OCC, all district, 6th in the state tourney) said, "I feel I made the best decision by transferring from Bishop Hartley to Reynoldsburg. I think I had a good season, but there were a few close matches that could have been even."

Doug Dandurand commented on his experiences on the team. "I was injured the first half of the season and wasn't able to wrestle until January. The season was like a rollercoaster. We were up and back down again. The coaching staff worked us hard and pushed for excellence.

Mat Maids Run Sectional Tourney

"Things were better organized this year in my second year of advising the matmaids," commented **Mrs. Ginny Apple.** "The girls worked very well together and were enthusiastic." **Mrs. Apple** also mentioned that **Kathy Kaufman** was an outstanding president. **Kim Cartledge** and **Lee Ann Reidel** contributed a lot by making outstanding signs. Sophomores were also a great help. This year the matmaids ran the sectional tournament. The girls met at **Lee Ann's** house to get organized. **Mrs. Apple** was impressed by the way the girls worked the tournament.

Karen Blamble, vice president of the matmaids explained some of the activities involved with the group, "We made signs, put food together for away meets, decorated lockers, kept score at tournaments, and gave flowers to the players to wear during school."

Girls Finish Third in O.C.C.

The 1982 Girls Varsity Softball team had a good year as they competed for the first time in the Ohio Division of the O.C.C. The girls started out well by winning their first four games of the season. However, important league losses to Gahanna, Groveport, Upper Arlington, and Grove City followed that diminished any hopes of recapturing the O.C.C. championship. The league was very competitive in that the Lady Raiders were never more than two games out of first place throughout the season. Senior Lisa Baker led the team in hitting with a .508 batting average. Senior Kathleen Korterud ended the season with a pitching record of 7-2 and a 2.00 earned run average. These two players earned All-O.C.C. and Honorable Mention respectively. The team ended the season with a 12-8 record and an 8-6 record in the O.C.C. placing them in third place. Coach Dixon is looking to the reserves for next year as they finished with a 13-3 record. Team honors for the varsity went to Lisa Baker and Kathleen Korterud as co-Most Valuable players.

Weightmen Carry the Team

The 1982 track team looked promising. There were many strong and competitive returning seniors as well as juniors and sophomores. "The boys track team started as a very young team with a nucleus of a senior weightmen and distance runners," was coach Doran's statement of the overall season. The disappointment season ended with 1 and 8 record in the O.C.C. Seniors Dave Pence set a record in the 800 meter run which got him chosen for all conference team. Matt Preissler also was chosen All Conference.

Lady Raiders Make Tracks

The 1982 girls track team made tracks to finish out the season with five wins and four losses. The team started the season with four straight wins at Whitehall, Westerville South, Westland, and Groveport. They followed with a loss to rival Upper Arlington, a win at Grove City and two losses at Worthington and Gahanna. The ladies also ran in two invitational meets, placing fourth and fifth in them. The Raiders then went to the O.C.C. meet where needless to say, they did very well. Kristi Mynhier took second in the hurdles. The team of Rita Andrews, Tracy Cox, Kathy Kaufman and Kristi Mynhier won third in the 880 yard relay and fourth in the 440 yard relay. The girls also won fifth in the mile relay and sixth in the two mile relay. Dawn Carr took fifth place in the mile run. When asked about the season, Kelly Kitzmiller said that the team did very well but she wishes that she could have done better.

Boys Baseball Team Sectional Champions

The Reynoldsburg Raider Varsity baseball team finished its 1982 tournament season as sectional champions with wins over Groveport and Independence. The Raiders defeated Groveport by a score of 9-3, and Independence by a score of 1-0, in 10 innings. Scott McDaniel scored the winning run to give the team the sectional championship. The team lost in the districts to second seeded Grove City, 10-2. The team ended their season with a record of 2-12 in the league and 9-14 overall. Strong batting performances were turned in by Mike Sheetz, Pat Collins, Steve Canter, and Rich VanHorn. Consistent pitching was provided by Mike Gebbie and Paul Thompson. The team suffered from inconsistent play at times with errors being committed in crucial games. Senior Mike Scheetz was named All-OCC, and Junior Larry Taylor was named All-OCC honorable mention.

A Change of Pace

Many things changed during the past year. It was the first full year under a new administration. New policies were enacted by the principal, **Robert Worrell.** He feels that despite student opposition the demerit system and other policies worked. He added that many of the student traditions were kept even through the administration change. When asked how he feels the year went in general, Mr. Worrell replied, "It does not seem like it has been a year. I have gotten to know a lot of people and experience different student activities like Spring Fling Week, Prom, graduation and many others. They have really impressed me."

Learning How to Live

Although there were two classes each semester, many students did not know what Family Living was actually about. **Mrs. Sharon Daniel,** the Family Living instructor, says she would have liked to have seen more students take the course. "I feel it is a very practical course. I feel it helps to prepare them to live on their own, once they leave their families."

Juniors and Seniors participated in many Family Living activities and lectures. They covered the areas of understanding oneself, one's relation to other people, marriage, adulthood, becoming a parent, and family life. The course has three objectives: to help students understand themselves, to help students develop well-defined and meaningful personal values, and to help students learn to base their opinions on fact.

When asked how family living has helped her, Senior **Judy Shanahorn** replied, "It has helped me understand how to deal with family problems and to deal with friends."

B. Layne — Everybody's Friend

There is a very special teacher at RHS, that is in the heart of many students. His name is **Mr. Bruce Layne.** Mr. Layne has been teaching for 16 years. He graduated from the Greenview State Teachers College in West Virginia. Mr. Layne says he really enjoys teaching and he really enjoys meeting many of the students.

He teaches American History which is a class all juniors must take. But, his speciality is sociology. The class is so popular it is sometimes hard to get into. One Senior said, "Mr. Layne can really relate to the teenagers and the problems in today's society. He is like everybody's best friend!"

Mr. Layne when asked who was the one person he most admired, replied, "Theodore Roosevelt, he was a man of action, a real leader." Mr. Layne is a very special teacher here at Reynoldsburg High.

Green Works in Two Zoos

As most people know, **Mrs. Becky Green** works with a lot of animals especially her first semester World Literature class. However, many people do not know that she is a volunteer at the Columbus Zoo. She has been a member of the Zoo Association for about four years. Then she became a Docent which is a volunteer teacher or guide. She works a couple times a week during summer vacation and about once a month while school is in session. Her job requires her to take people on tours and to help watch animals that require special attention. When she speaks of the animals, she says the leopards and jaguars are her favorites "because they are beautiful." When asked how she feels she benefits from working at the zoo, she replies, "I am teaching people about wildlife. I am doing work that would otherwise not get done because the zoo could not afford to pay for it. For me personally it is a way to use my spare time. I love animals and it is a good excuse to be around them plus through my training classes and through observations, I have learned things I could not possibly learn from books."

The Class of '84

Though many consider the sophomores really low at the high school, they proved that they can contend with anyone here. The sophomores proved their spirit by winning a spirit award at an assembly and doing a very good job at hall decorating even though they were disqualified. The sophomores do not have anything to worry about because they still have two years to make themselves known.

SOPHOMORE CLASS OFFICERS: Debbie Keeny, Beth Taulman, Shelia Dalton, Teresa Thompson, Melanie Fry and Scott Aaron.

Janelle Nelson quietly writes loving thoughts in Brett Suttles yearbook.

Kelly Haaf watches as Mrs. Mickey takes her blood pressure.

Bob Denehy waits for his chance to rehearse his part during play practice.

Debbie Keeny and playmate Kim Goffos pair up on twin day.

Bill Dixon waits for his answer from the computer during his computer class.

Frog Dissection

OH! ICK

Students who are planning to go to college are required to take two lab sciences. Biology, one of these such classes is the one most sophomores choose. This full year course goes through plant life, cell structure and frog dissection. Mrs. Risch, the biology teacher says, the majority of the class is sophomores and she enjoys teaching them very much.

Loving every minute of playing with their frogs are sophomores: Beth Taiglman, Roger Manifold, Jeff Faust, and Grant Moss. Mrs. Risch looks on approvingly.

Freak Out

The basic skills and techniques are taught in visual fundamentals. This course works on the eye and hand working together with still and life settings. For the student that wants to develop his own style in drawing is Advanced Drawing and composition. Water colors are the main idea in painting, using different painting techniques and matted finishes. The design course covers line, shape, mass, texture, and color. Papier maché, ceramics, printing, macramé are done in crafts class. Constructing pieces in three-dimension is open in ceramics and sculpture. Margaret Isaacs found the class interesting and educational too.

Sweat, Strain — Get Healthy

The major objective of the health program is to enable the sophomores to think about life and health problems and to make reasonable judgments about family and community health. Students talked about drugs, sex education and personal values and emotions.

A variety of physical activities are necessary to maintain physical, mental and social fitness. Gym classes included volleyball, tennis, golf, softball, and archery. One student, Dave Roeder said that he got a chance to learn and enjoy the class very much.

"Class of 83"

The class of "83" consists of 362 rowdy raider juniors. Rowdy juniors is the only way to say the class of "83." They were rowdy freshmen in the Junior High, rowdy sophomores once they broke into the high school and they will be an extremely rowdy senior class. Senior parties were already being planned back in January of '82, and the day after the class of "82" graduated, the class of "83" Senior party was planned.

"We're in a class by ourselves," said the Juniors annual magazine sale. Where the juniors sell magazines to raise money for the Junior-Senior Prom. The class of "83" made more money than any other class in Reynoldsburg history. (Related story on page 188) The class of "83" controlled student council as all the student council officers were Juniors. Here are some statements from the class with "the class."

Junior Doug Gosnell stated, "We have a class in every sense of the word."

"For spirit the class of "83" "kicks," said Mark McLaughlin.

"The class of "83," stated Doug Francis, "is in a class by itself."

Lisa Neiswander stated, "I think being a senior will be better than being a Junior, but being in the class of "83" is great."

Junior Becky Mansfield thinks, "This school has never seen a class like "83"."

Mike Ferguson stated his feelings about the class of "83" when he said, "the class of "83" is O.K."

"Words cannot describe how our senior year will be like," stated Junior Sue Sunderland.

"Being a Junior," according to Joe Bogden, "was better than being a sophomore, but when we're Seniors there's no way this school will forget the class of "83"."

Junior Ken Brant stated, "Being a Junior was great but being a member of the class of "83" is even better. We are the class with class."

Pam Strouss thinks, "Being a Junior is the next step to being a senior."

Tim Brooks says, "It's pretty cool."

Super Goal Reached 14,000

"We're in a class all by ourselves," exclaims the class of 1983. In October of 1981, the Junior class went door to door, asked friends and relatives and some even bought one themselves. The annual magazine sale was held in hopes of raising enough money to have an excellent Junior-Senior Prom. "This is the most money any class has ever raised. It passed last year's class total by $200," reported Mrs. Riegel, the Junior class advisor. The total for this year's magazine sale, was a6out $14,500. The top Junior seller was **Mark Greiner** who sold a total of $294.85 worth of magazines. However, not everyone in the class of 83 sold enough magazines to attend Prom without paying. Every Junior had to sell at least 3 magazines in order to attend Prom. Approximately 102 Juniors did not meet this requirement. However, the class of 1983 had no trouble in surpassing their goal of $14,000.

Suspension

The lobby of the Reynoldsburg High School gym when not being used for admission to Reynoldsburg Basketball games is used from 8:27-2:09 for inschool suspension. This "class" is governed by Mr. Greenwell. He likes what he's doing and has been doing it for 15 years. Being in inschool suspension stinks, says sophomore Chris Basset. Dave Banks says there is nothing to do in that tank but count the bricks. The suspension room served the Jr. and Sr. High schools of Reynoldsburg. There were two 9th graders in suspension at one time for setting a fire and sitting right next to them was Junior Mike Beckner, he was in there for being late. What a drag says Mike as he sat there doing his over 10 pages of assigned work.

HYJINX

a High School Rock Band

Back in November of 1981, five guys formed a band. They did not have a goal in mind. They just wanted to have fun. Since then they picked up some good ideas and goals. Their name was Hyjinx. The musicians were Joe Bogden (lead guitar), Dave Banks (guitar), Kevin Burchett (rhythm), Mike Shamansky (bass), Paul Sanzone (synthesizer, keyboards), and Dave Miller (drums). Singing for the band were Kris Conner, Sue Sunderland and Toni Howard. They practiced in Paul's basement. They played REO Speedwagon, Rush, and other popular rock music but they also played many of their own originals which they took much pride in. Mike Shamansky said he wants to play for money after graduation. For some people playing in a band is just a dream but for these nine RHS students it's a dream come true.

The band HYJINX poses for group shot. Joe Bogdon plays his lead guitar while Paul Sanzone plays keyboards to the tune of Limelight.

Juniors on the Job

Working is a way of life for most parents 9 to 5 everyday with Saturday and Sunday off. They work to pay for their house and other endless bills. For some high school students the last year working was already a way of life. Students worked for reasons such as raising money to buy a car, putting gas in the car or for spending money

on Friday and Saturday nights. Considering the state of the economy, where did they find work? Walking into any McDonalds, Arby's or Wendy's anyone would probably see someone familiar behind the counter. Their tasks differed from making fries to running a register. The pay was usually minimum wage ($3.35 per hour) and it was strictly part-time work. What did the high school working class think of working? When asked, Melanie Walker said, "It's money."

The Golden Arches is the place of employment for Joe Bogden and John Warner. Kris Conner shows how happy she is working at Wendy's.

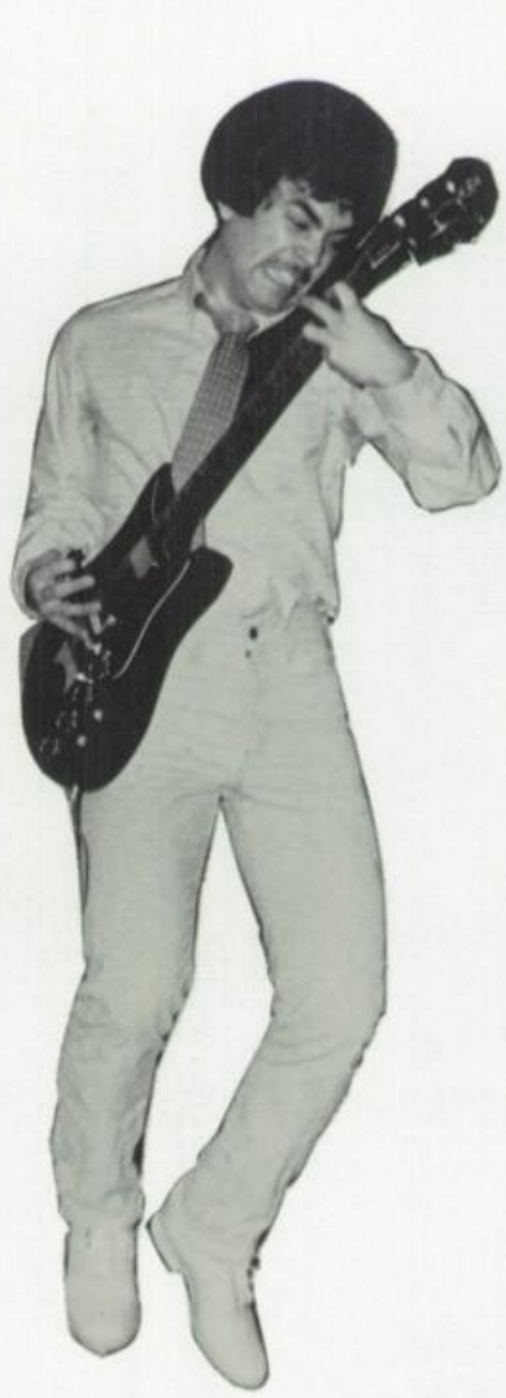
ECLIPSE
WINS BATTLE

A group of five Reynoldsburg High School students performed with three other Reynoldsburg Bands on March 19 at the "Battle of the Bands." The battle lasted for an hour with each band playing two of their best songs. The three judges voted Eclipse the winners.

Eclipse consists of four guys and two girls. Ken Snare, the leader of the group, played guitar and has been playing guitar for three years. Chris Weir the lead female vocalist joined the group a year ago and really likes it. Nancy Speed the other vocalist did not participate in the battle, but also sings with the group. Nancy and Chris have been singing together at other outside activities and they both really enjoy it.



The drummer Mike Liland started playing the drums in fifth grade and is still going. He has worked very hard to some day become a drummer for a rock group. Mike is now attending Eastland Vocational School for electronics.

The two newer members are Mike Speakman and Ted Jones. Mike, a four year member of High School stage band, played bass. Ted Jones plays rhythm guitar for Eclipse and has played it for two years. They have been very successful since the Battle of the Bands and were the winners for four weeks in a row at NITRO 99. "We would not have been able to make it this far without everyone's support" remarks Ken Snare.

Through the efforts of a few RHS faculty members and Reynoldsburg Major Ken Francis a new and unique group was formed this year. It was called RISK. The group was formed with 16 sophomores. Teachers Bob Wilson, Cindy Polles, and Dave Lawrence along with the Mayor went on a weekend wilderness trek. Sophomores in the group were: Terry McReynolds, Kathy Weber, Julie Finnegan, Randy Web, Amy Priode, Jana Lee, Jeff Faust, Gary Hill, Ted Jones, April Myers, Ray Cusick, Scott Aaron.

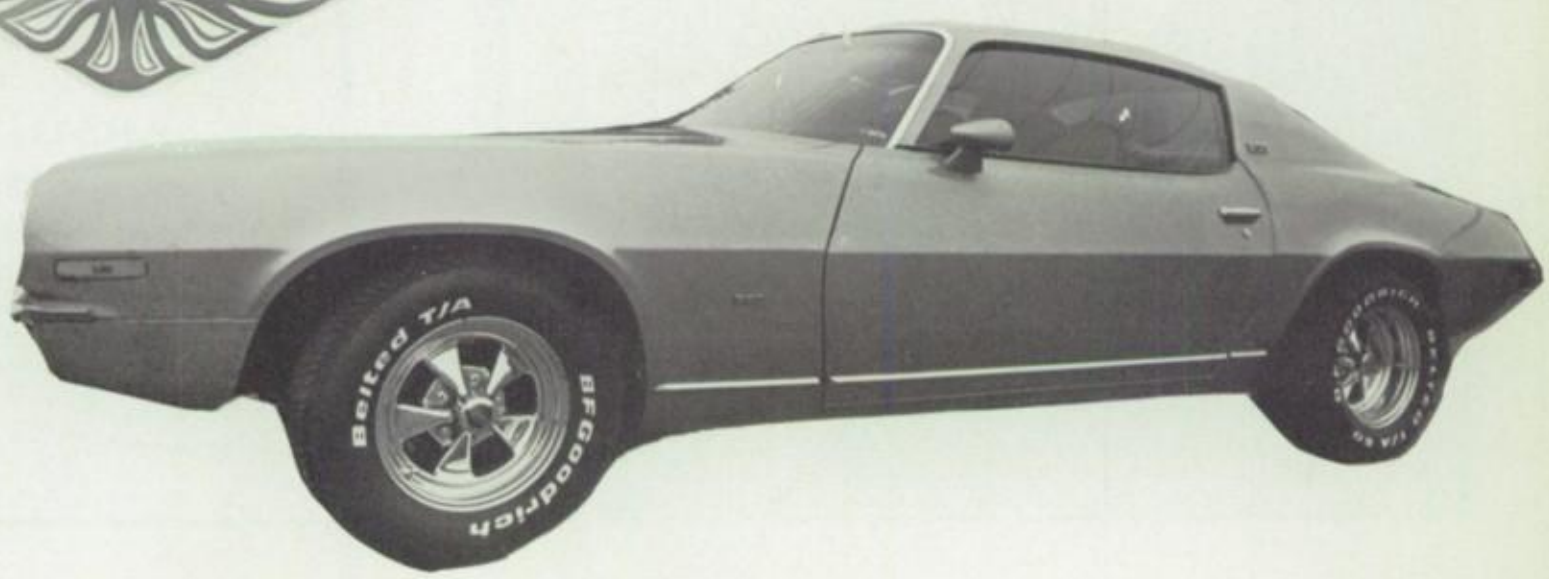
R.H.S. Visits O.S.U.

Back in May of 82 Tom Mann's fourth period intro to theme class took a trip to Ohio State. They went to check out the student library. Andy Deckers first words when he got into the library were "this place is huge." Mr. Mann borrowed the O.W.E. van to take the class downtown. After visiting the library they went to eat at the Rathskellar. They returned to school after lunch, ending the 3 hour field trip. The students were amazed by the way college students studied and even slept all over the library. All together the class enjoyed their preview to college.

Fast Cars

One hobby in Reynoldsburg is building up fast cars. Doug Gosnell is in the process of building a 1932 Ford with 1969 Mach 1 engine. Even the teachers get into the act; Mr. Lowry has a Briclen and Mr. Scholenberger has a black on black "Vette." As you can see Reynoldsburg has many nice cars.

Matt Miller's 71 Camaro with "Cragers all around."



Hey That's Not Right

The start of the new school year brought with it several changes. One drastic change took place in the types of disciplinary actions being used by the principal, Mr. Worrell. The new measurement taken, was the enforcement of the Demerit system.

Tow RHS Seniors, Mark Arnold and Kevin Burchet, decided to hold a round table discussion with principal Robert Worrell. The purpose was to discuss the severity of the Demerit System. Mr. John Coffman, Compass Advisor, asked the questions. Each side was given a limited amount of time to respond. The round table discussion was video taped and titled "Hey that's not right." This was then shown to the student body during study halls on Friday, October 30th.

Teacher Spirit

The Football team thanks her. The volleyball team thanks her. Athletes and all of Reynoldsburg thanks **Mrs. Zeches.** She builds spirit every football Friday. In the early morning school hours, Mrs. Zeches could be seen stopping students as they went by the bookstore. She was armed with masking tape and a sign bearing an appropriate saying for the evening: "Maul the Tigers" or "Stomp the Cardinals." She taped the signs on the students as fast as her hands could tear the tape. Mrs. Zeches attends pep assemblies, sport events, dances, and awards ceremonies. She is known for her picture taking. She photographs students at these events and pins up the prints on her bulletin board. She usually has two prints made of each picture keeping one for herself and offering one to the subject of the picture. Her bulletin board is covered with these pictures, newspaper clippings, awards list, and old senior pictures. Mrs. Zeches kept spirit alive in Reynoldsburg.

ASL Plays in Snow Bowl

"I've had the wind knocked out of me and you can walk off the field with plenty of bruises," said Mike Bussard. "The idea is to go out and play really hard."

Mike was one of many players who come rain, shine, or even snow to participate in the ASL (After School League) this year. Throughout most of the year, 2-3 times a week, RHS students met on the field where the band practices to play tackle football. The majority of the players were varsity team members of various sports in the offseason. The game was mainly pass oriented and could be dangerous at times. Mike indicated that anyone could hit hard on a tackle, but no one purposely tried to hurt someone.

Some of the players involved were: Marcus Anderson, Tim Craven, Tim Moore, Mike Gebbie, Scott McDaniel, Greg Rodosski, Craig Lyons, Randy Hayes, Mike Scheetz, Tom Wetmore, Tony Howard, Phil Roby, and Dave Pence.

WRHS Plays "Heavy Metal"

WRHS has been playing music during fourth and fifth period for the last two years. The fourth period DJ's were Rick Zies, Kevin Keneagy, and Leighton Reynolds. The fifth period DJ's were Greg Workmen, Mike Ebner, and Carol Hass is in charge.

The DJ's don't mind coming in during their lunch periods, for they usually pick their own music. "Heavy Metal and rock," says Kevin. That is unless they get requests from "groupies" or people that like to hang out in room 212.

Lights, Camera, Movie

Two lovers are depicted by two actors, who are being portrayed by still two more actors. This confusing mixture of actors and lovers is actually the basis for the play "A Midsummers Night Dream." To be a little more accurate the play within the play of "A Midsummers Night Dream."

The play within the play was subtitled "Pyramus and Thisbe" and is about two lovers who kill themselves over a misunderstanding.

This was the Club's first try at a movie. And they experienced several difficulties along the way. But the movie was completed and was shown on Cable T.V.

In the second movie attempt, Ceal Farmer, and Doug Riggle star in Taming of the Shrew.

Good Luck, Reynoldsburg!

Let's Eat Here

Though there are many students who eat lunch away from school, there are still many who prefer to eat at the cafeteria.

Diane Geisler admits that she eats at school because, "she hasn't gotten a car yet." "The cafeteria food is not all that bad and it is better than some of this food you can get at Seven-Eleven or any of the others," says Brad Benett.

One of the cooks, Ruth Stewart, has said that she was very surprised at the amount of students showing up in the cafeteria since Dairy Queen has reopened to the students. As long as there is open lunch the cafeteria will still appeal to some people.

After engulfing five powdered donuts, Senior Chris Johnson wipes some of the powder from her mouth.

Look at That Room 212

Down in room 212, different events go on every day. This room is the room that holds the RHS Radio station. Also this room contains a series of cameras and video equipment. Along one wall there exists another wall that can be moved and changed for the weekly News Center 3 show. The movie that aired on Cable TV was filmed entirely in Mr. Gathergood's room. Every day the classes were doing something different. The Communications class might be learning sign language while the acting class might be working on small scenes. During each class something totally different and sometimes odd was going on. Shakespeare class watched a movie one period and another period Speech class will be doing speeches. When the class changes the teacher remains the same but everything else changes.

Looking through the camera, the physique of Senior Pam Fightmaster can be seen.

Happy Birthday Bill

Hamlet, Macbeth, Othello, and Julius Ceasar. These are just a few of the characters explored in Shakespeare. One date stands out each year. Not only is the date of April 23 the birthdate of William Shakespeare but it is also the birthday of Mr. William Gathergood. Mr. Gathergood is the teacher who teaches Shakespeare. This year, as in the past, a birthday celebration was held with very different foods. Among the delicacies were the infamous "fudge-hoppers", a special type of fudge made with freezedried grasshoppers. This was one of the most overlooked foods. Other types of food were French Chocolate Crepes with banana creme filling, Mississippi Mud Cake, Quiche Lorraine, frog legs, Cherry Scones, Welsh Rarebit, Marzipan, and Hot Chicken Enchaladas.

During the party, Senior Heidi Kunninger trys out some of the strange foods.

Frau "Rau" Is Back Again

Mrs. Roudebush grades papers during her fourth period German 2 class.

Mrs. Roudebusch has been with the Reynoldsburg School system for around six years. In fact Mrs. Roudebusch began the German program at the Junior high and here at the High School.

When she's not teaching her German students, she sings in a professional band. Usually she sings for Political events, at banquets, parties, and four times a year she sings at a night club.

During the summer months she keeps busy with her daughter Mandy and she enjoys waterskiing, swimming, and traveling.

Her main enjoyment from teaching is the interaction between herself and her students.

Mrs. Roudebusch is the department head of the language department and is the advisor for the International Club.

Most of her students know her better as "Frau." Or even others know her as Frau Rau.

A Different Kind of Self Defense

The Martial Arts are intriquing and has drawn the attention of many students. Mike Toth, Chris Cartledge, and Chris Arp took lessons this year. Cartledge said, "I took karate and kung fu for five years." Mike commented, "I think karate is the best way of self defense and more people should get in to it."

Hard Work Pays Off

Lisa Ann Baker
Sport: Volleyball, Softball
Scholarship: Kent State University

Lisa Baker earned so many awards it is difficult to mention all of them here. She played varsity softball, basketball and volleyball all three years. In her Junior year she was the MVP of the team as well as an all league selection in Volleyball and in softball. In her senior year in Volleyball she was again the MVP and an all league selection as well as the player of the year for the conference and Citizen Journal Player of the week. Lisa commented about her athletic involvement saying, "I feel sports have made me a better person. I have seen the hard work pay off in the end."

Ray Lamb also achieved a great deal of athletic distinction. Ray played varsity football for three years at RHS. His junior year Ray was named to the all league and all district team as well as honorable mention on the state level. He was captain of the team in his senior year. Ray was awarded a full scholarship to Marshall University. He said he chose Marshall because of the facilities and the good academic program.

Dennis Wilt is following his father's footsteps by attending the University of Richmond. Dennis will be working with a 4 year scholarship in football, the same sport his father played at Richmond. Dennis was impressed with the coaching staff at Richmond. He said that they were on the level and did not seem to pull any punches. Dennis was recruited as an offensive lineman; he hopes to make the traveling squad his freshman year.

John Kelleher came to Reynoldsburg H.S. his senior year and ended up winning the sectionals, districts and placing 6th in the state in his weight division. John will no doubt pass Rich Van Horn on his way to classes as he will also be attending Muskingum College. John hopes to become a good college wrestler. He will major in Computer Engineering.

Rich Van Horn was a three sport letterwinner. He played basketball, baseball, and ran cross country. Rich was impressed with the coaching staff at Muskingum College and also the atmosphere of the campus. Rich will receive financial aid in order to attend Muskingum and hopes to study accounting. If all goes well, Rich wants to play an important part on the varsity basketball squad.

To the Honor and Memory of a Great Man

MR. A. JOHN THOMPSON

Mr. A. John Thompson was a great man. He served Reynoldsburg High School for 21 years. His long list of accomplishments includes:

Industrial Arts Teacher
Gym Teacher
Baseball Coach
Head Football Coach
Administrative Assistant
Assistant Principal
Special Services Director
Transportation Director
Athletic Director

Over the years Mr. Thompson made many dear friends and close acquaintances. One friend was English teacher, Mrs. Donna Wolford. Mrs. Wolford became close to Mr. Thompson through her 21 years of working with him in Reynoldsburg schools. She had this to say about Mr. Thompson.

John Thompson was a very caring man. He cared about people. He cared about other teachers. He cared about his school. He gave of himself to make sure Reynoldsburg High School was the best that it could be. RHS has lost a very unique person. They don't make men like John Thompson. They come along only once in a lifetime. Mr. Thompson you are loved and missed by us all.

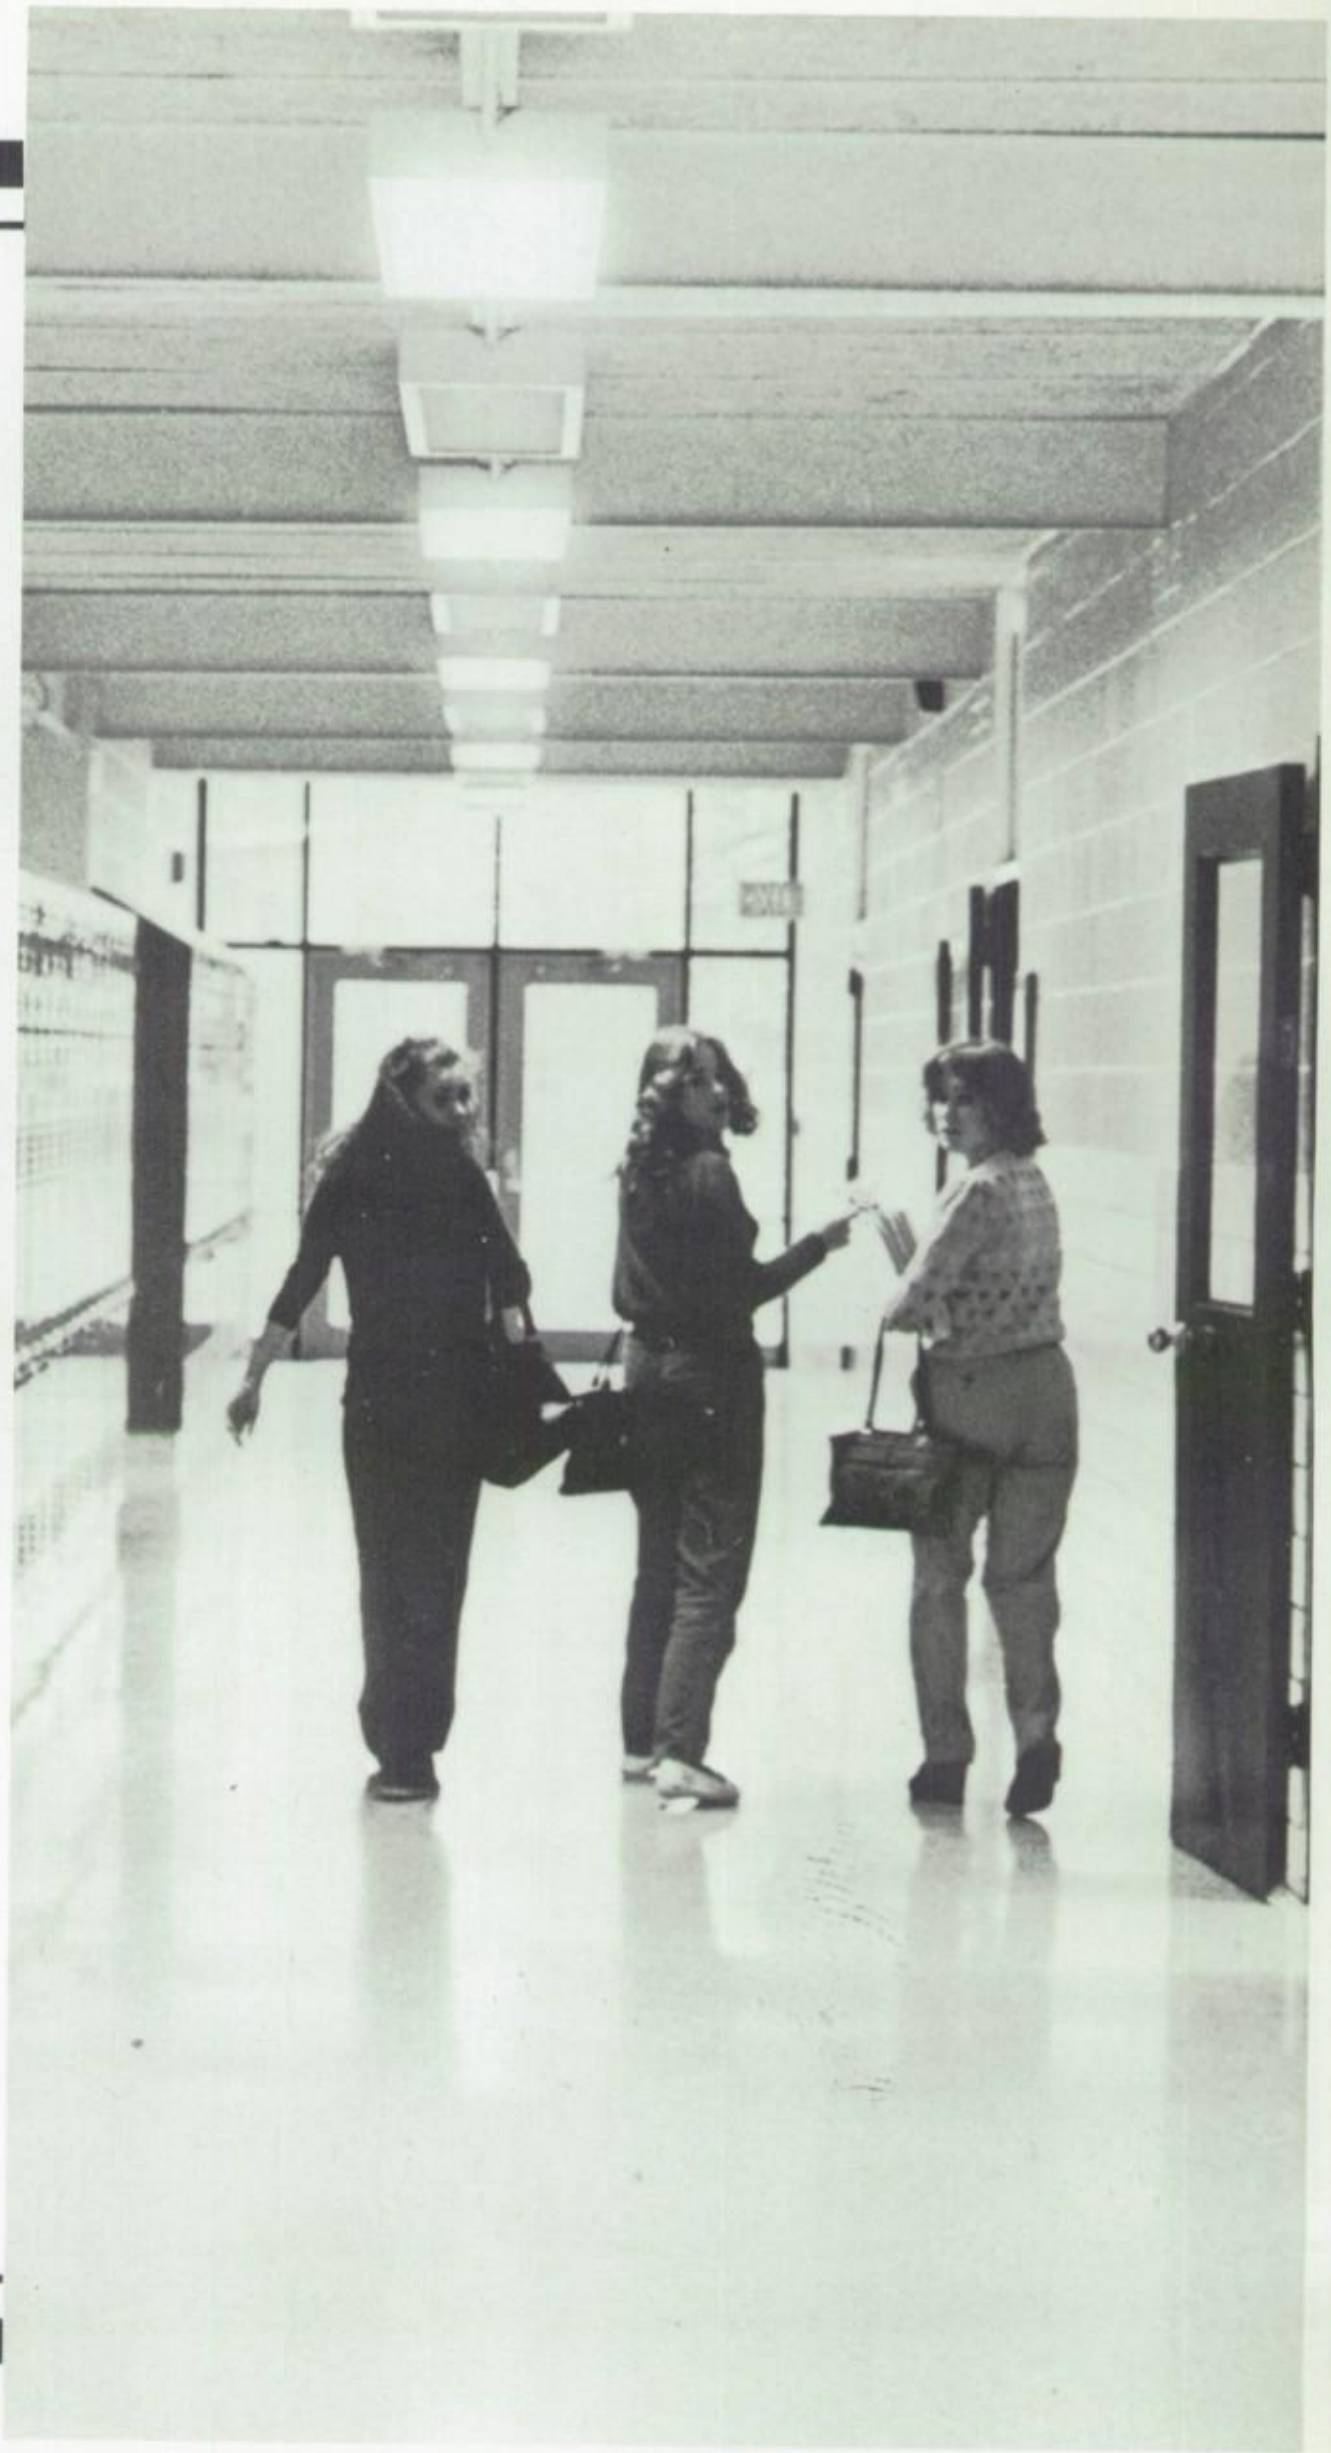
MR. JOHN THOMPSON
Administrative Assistant

We Will Always Remember

The close of the 1981-82 school year came with a variety of mixed emotions. The chance to relax and break away from the high school routine was welcomed by students and staff alike yet the completion of another year left some students saddened. Seniors, after being at the top for a year were suddenly being faced with the world outside of Reynoldsburg High. Sophomores and Juniors had the thoughts of a few more years at R.H.S. along with their chance to be at "the top."

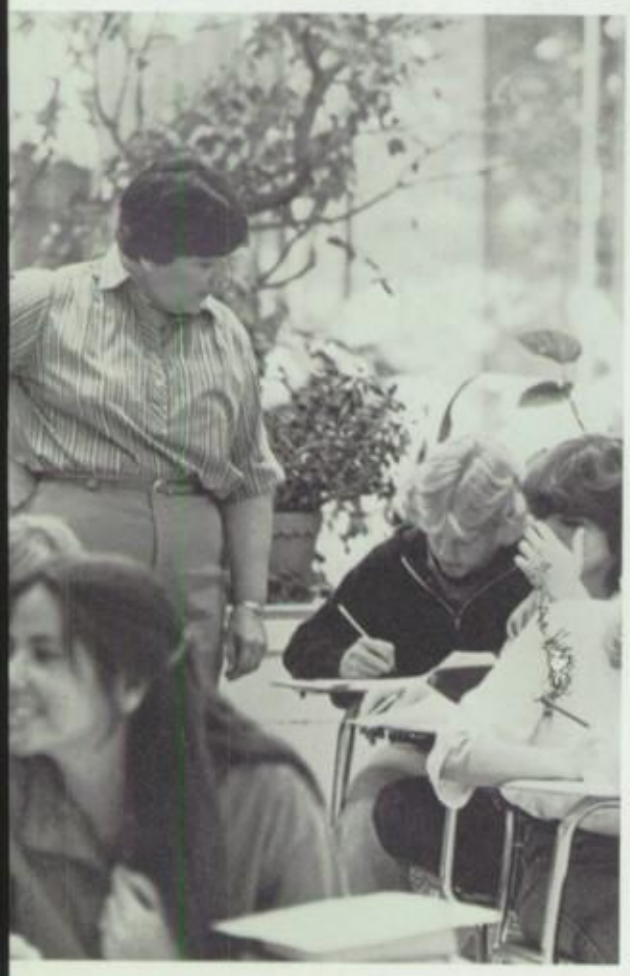
The future holds virtually an unlimited number of paths which could be followed in the years to come. Hopefully our experiences we've shared will help us overcome what life has in store.

Our future is now the present.



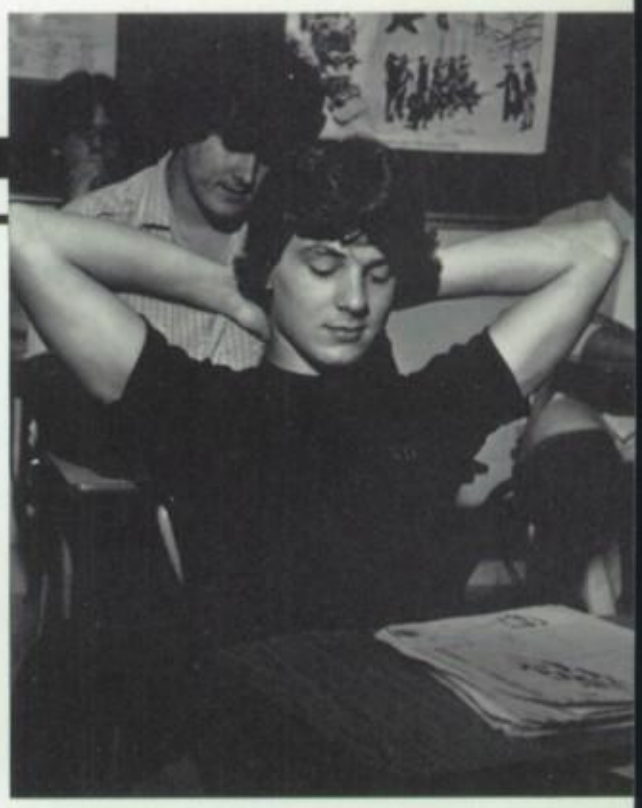
Accounting class 100 waits patiently for the 2:00 o'clock bell.

Senior Cindy Fenstermaker is caught off guard during fifth period lunch.

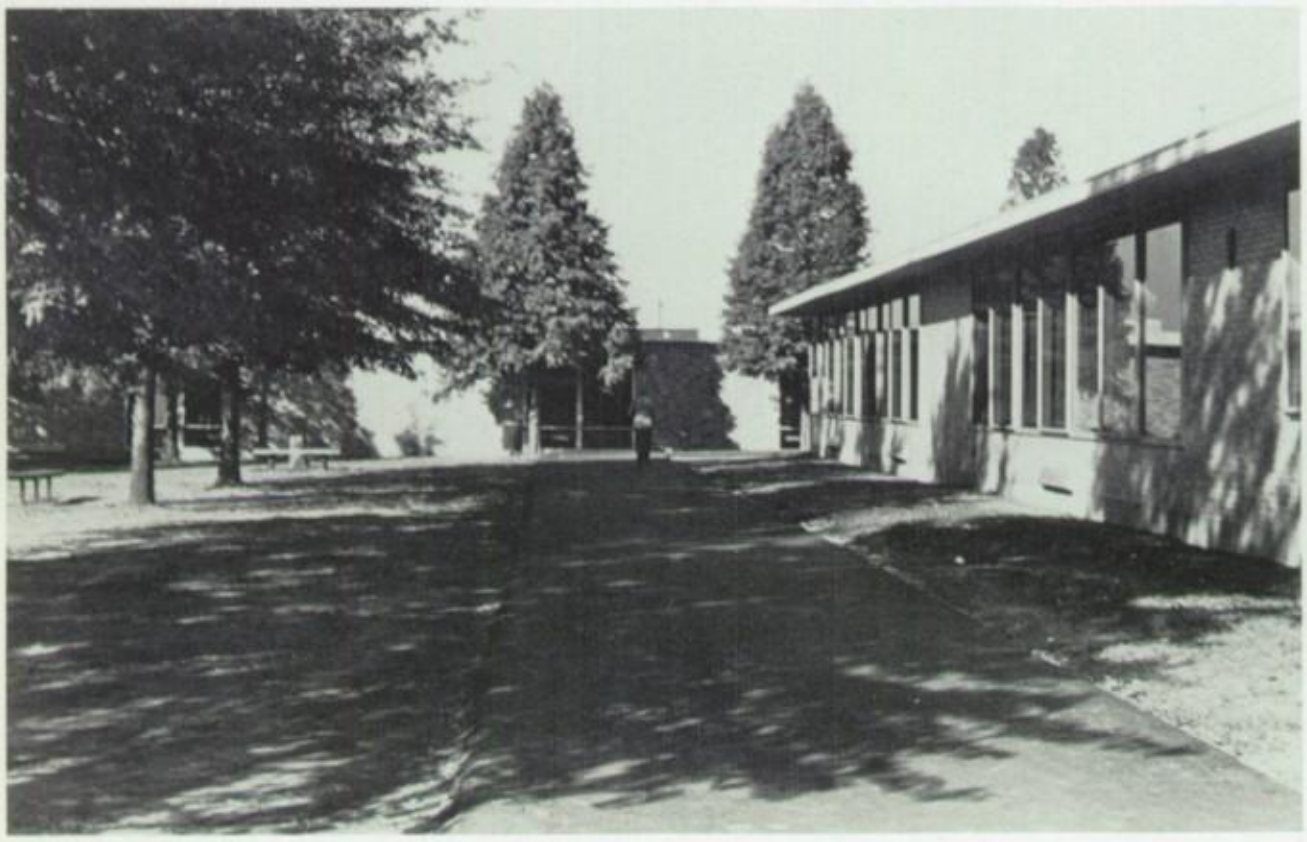


Students enjoy breezing through the 1981 Reynolian in between class changes.

During trig class second period Mrs. Zeches offers her help to brain-strained students.



The 1981-82 Reynolian Staff members would like to express our appreciation to all community and business members who aided in the production of the Reynolian. We also wish to thank the administration and the teaching staff for giving us another fulfilled year at RHS and to Mrs. Rausch for her help distributing the 1982 books last fall. Credits go to Mr. Johnson, Mrs. Zeches and Joyce Studio for their photographic contributions. A special thank-you goes to Mr. Richard Linden for providing our book's theme, magazine and divider sections with their graphic lines. Special appreciation also goes to Mr. Wes Mirick, our Taylor Representative, who shared his valuable time with us whenever we needed him. Finally we as a staff wish to thank our advisor Tom Mann for his patience and know how in helping us put togehter what we think is a great collection of the memories of the 1981-82 school year.



Senior Bill Doke relaxes after a lengthy lecture in government class.

Mrs. Katterheinrich walks across the peaceful courtyard at the end of a school day.

Kim Chapman takes a moment to day dream during a spare moment in class.
